---

In meeting of the Board of Supervisors, San Francisco, Monday, January 4, 1971, 2:00 p.m., the Board of Supervisors met in regular session.

### CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Barbagelata—1.

Supervisor Barbagelata excused from attendance. (On official leave of absence.)

### Approval of Journal.

There being no errors, corrections, or omissions, the Journal of Proceedings for the meeting of Monday, December 14, 1970, was considered read and approved.

### UNFINISHED BUSINESS.

#### Finally Passed.

The following recommendations of Finance Committee, heretofore considered, were taken up:

**Appropriating \$80,000, Social Services, for the provision of day care services by the Haight-Ashbury Children's Center.**

File No. 80-70-103, Ordinance No. 2-71.

Absent: Supervisor Barbagelata—1.

**Approving lease agreement with San Francisco Zoological Society and Robert L. Heath for construction and operation of a railroad system in the San Francisco Zoological Gardens and Fleishhacker Playfield and authorizing inclusion in said agreement of a provision for assumption of the possessory interest taxes, in part, by the City and County.**

File No. 202-70-5, Ordinance No. 3-71.

*Finally passed* by the following vote:

Ayes: Supervisors Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

### **Passed for Second Reading.**

The following from Board sitting as a Committee of the Whole, without recommendation, heretofore considered, were taken up:

**Approving redevelopment plan for the Regal Pale Approved Redevelopment Project Area and designating same as the official redevelopment plan for said project area.**

File No. 505-70-2, Ordinance No.

(December 14, 1970—Consideration continued to January 4, 1971.)

Supervisor von Beroldingen and Supervisor Feinstein opposed passage of subject legislation at this time because of uncertainty as to whether or not funding the City's share of cost may have to come from ad valorem taxes and because the City's list of priorities in redevelopment has not been established.

### **Withdrawn.**

### **Motion to Refer to Committee.**

Supervisor Feinstein, seconded by Supervisor von Beroldingen, moved that subject matter be referred to Finance Committee for consideration at the same time that Committee considers the request of the local office of the Department of Housing and Urban Development that the Board reappraise the entire urban renewal program, determine its cost, set time schedules for project completion, and adopt a plan for meeting the local one-third share contribution (File No. 555-70).

In response to a question by Supervisor Francois, Deputy City Attorney Kenealey advised that the California Community Redevelopment Law requires that approval of a plan and designation of a redevelopment area must be heard and considered by the full Board of Supervisors sitting as a committee of the whole.

Supervisor Feinstein thereupon withdrew her motion to refer to committee.

**Refused Adoption.****Motion to Continue Consideration.**

Supervisor Feinstein, seconded by Supervisor von Beroldingen, moved that consideration be continued for four weeks.

*Motion refused adoption* by the following vote:

Ayes: Supervisors Feinstein, Mailliard, von Beroldingen—3.

Noes: Supervisors Boas, Driscoll, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras—7.

Absent: Supervisor Barbagelata—1.

**Adopted.**

**Motion that Journal reflect wishes of Board relative to funding of City's share of cost.**

Supervisor Francois, seconded by Supervisor Tamaras, moved that the Journal of Proceedings reflect the fact that it is contemplated by the Board that the one-third local share of cost will be supplied from sources other than the General Fund and the Board is placing every reliance upon the cooperation of the Mission Model Neighborhood Corporation and the Redevelopment Agency in seeking other sources of funds.

In response to a question by Supervisor Gonzales, the Clerk advised that in his opinion a motion such as the above is made for the purpose of qualifying the undertaking of the Board, which is set forth in toto in the legislation approving the plan. The plan makes provision for financing of the project. If the financing is to be diluted or in some way qualified by the sense of a motion, the plan would be unacceptable to the Federal Government and would probably nullify the redevelopment plan.

Supervisor Francois stated that the motion was not that the matter be amended in any way but merely that the Board have a record of the fact that it is contemplated that the local share of cost would come from sources other than the General Fund.

The Clerk responded that the motion—if it is to be regarded as simply an expression of desire on the part of the Board that financing come from sources other than the property tax rate—would be a nullity insofar as the plan is concerned because the plan recites the precise undertaking of the Board.

*Motion adopted* by the following vote:

Ayes: Supervisors Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Barbagelata—1.

Supervisor Mailliard called attention to recent press reports of apparently illegal activities by employees of the Maritime Museum on board the Balclutha. He said that since the City does subsidize this operation of the Museum, it has a responsibility for activities on the premises.

Supervisor Mailliard requested that a communication over his signature and that of any supervisor who wishes to join him be directed to the Recreation and Park Department, asking for a complete examination of this matter and for submission of a report to the Board relative to the operations of the Maritime Museum, in general, and the Balclutha, in particular, including the amount of funds contributed by the City and County and how much, if any, of the admission receipts accrue to the City and County.

Supervisor Mailliard further requested that responsible departments investigate the feasibility of the proposal of the Grand Jury that the Maritime Museum be put under the administration of the museum system of the City and County and that responses to these inquiries be elicited at the earliest possible date.

No objection; Clerk directed to comply.

#### **Requesting action to curb drunkenness and violence at Candlestick Park during games.**

Supervisor Tamaras stated that he had been shocked to see the drunkenness, violence, and disrespect for the law evidenced by some of those attending the last football game to be held at Kezar Stadium. He said that he felt some steps should be taken to see that such conduct is not permitted at Candlestick Park when it becomes the scene of football games. It was so bad that family people might be afraid to attend the ball park and attendance might be seriously jeopardized.

Supervisor Tamaras requested that communications be directed to the Police and Recreation and Park Departments, asking what steps they plan to take to prevent such occurrences at Candlestick Park and suggesting that perhaps consideration should be given to prohibiting the bringing of bottles and cans into the park.

No objection; Clerk directed to comply.

File No. 583-70, Ordinance No.

Supervisor Driscoll asked how much it costs the City and County to process an ordinance similar to this and how many of such losses by theft are experienced in a year.

The Controller stated that he could not at this moment estimate the annual loss from thefts but would be glad to investigate and report to the Board and Supervisor Driscoll on the experience of the past year.

Supervisor Driscoll wondered why losses could not be processed periodically, thereby reducing the legislative cost.

Supervisor von Beroldingen announced that she would be happy to make it a standing rule of the Finance Committee that losses by theft shall be processed on a once- or twice-yearly basis unless a department makes a special request for individual processing.

Supervisor von Beroldingen stated that it has been reported in the press that new cash management techniques in use in New York City have increased almost fourfold the earnings on investments by the city of cash on hand. Supervisor von Beroldingen said that the Finance Committee has requested the Clerk to direct communications to the Treasurer and Controller, asking that they investigate the procedures in use in New York with a view to adopting some or all of the new cash management techniques adopted by that City and advise the Committee what, if any, legislative action might be required to implement any cash management changes which might be indicated.

### **Adopted.**

The following presented by the Clerk was taken up:

**Fixing date of Monday, January 25, 1971, 2:00 p.m., for hearing the appeal from the decision of the City Planning Commission disapproving application for reclassification from an R-3 to an R-4 District of property located on the northwest corner of Ord and Eighteenth Streets, known as 176 Ord Street.**

File No. 93-71-1, Resolution No. 19-71.

(Zoning Administrator advises that the petition filed with the Board of Supervisors is a copy of petition signed prior to Commission action denying application for zoning reclassification; therefore, it could not have been presented to the signators as a petition of appeal from the Commission's action.

(Director of Public Works reports that the signatures on the copy of the petition represent the owners of more than the necessary twenty percent of the affected area; however, the City Attorney has advised the Department that the petition is not in proper form for appealing the City Planning Commission action.)

There being no objection, on motion of Supervisor Francois, the privilege of the floor was granted Mrs. Effie H. Schwarzschild, 363 Douglass Street, who opposed granting appellant any extension of

time to correct an insufficient petition. She requested that—if the appellant be given an extension of time—the neighbors in opposition be given one month to inform themselves on the issues.

Deputy City Attorney Stark advised that the City Attorney can see no objection to the Board's fixing a date for hearing of the appeal if the petitioner can demonstrate that those persons who signed on his behalf in May, 1970, fully intended that their signatures would also serve as support of his position before the Board of Supervisors.

Richard Weigner, 2009 Geneva Avenue, appellant, said that when he originally gathered signatures in support of his application before the City Planning Commission, he made it clear that it would probably have to be presented also to the Board of Supervisors on appeal. Mr. Weigner presented thirteen signatures to a statement that their petition of May, 1970, was intended to be used on appeal before the Board of Supervisors as well as before the City Planning Commission.

Zoning Administrator Steele said that prior to the Planning Commission meeting a random check of six of the signators to the original petition disclosed that three of the six did not intend it as pertaining to the property under consideration but to the entire neighborhood. He read a communication from Mrs. Irene Ellison, 184 Douglass Street, in support of his statement.

In response to a question by the Chair, Deputy City Attorney Stark stated that, as originally presented, the petition did not constitute a valid appeal; however, the statement presented by Mr. Weigner today cures the deficiency at least as to the thirteen signators thereto.

Supervisor Francois, joined by Supervisors Mailliard and Gonzales, stated that, in response to the request of Mrs. Schwarzschild for a month's time to prepare a case in opposition, they would be prepared to vote in favor of any reasonable request from the Eureka Valley Improvement Association for week-to-week continuances if the Board is legally able to grant such requests.

Supervisor Francois, seconded by Supervisor Driscoll, moved adoption.

*Adopted by the following vote:*

Ayes: Supervisors Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras—8.

Absent: Supervisors Barbagelata, Boas, von Bero'dingen—3.

Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

**Urging Director of Office of Economic Opportunity to support equal access to courts for all by overriding Governor's veto of funding for California Rural Legal Assistance.**

File No. 78-71, Resolution No. 30-71.

Supervisor Mailliard stated that he opposed subject proposal, not because he does not believe the poor should have every possible representation but because it appears the California Rural Legal Assistance does at times involve itself in areas in which it does not belong. In addition, Supervisor Mailliard said, this is an area of concern in which the Board of Supervisors has no legitimate concern.

### **Refused Adoption.**

### **Motion to Continue.**

Supervisor von Beroldingen, seconded by Supervisor Mailliard, moved that consideration be continued to January 25, 1971, and that any proposed amendments be submitted in sufficient time for copies to be distributed to members with the Board calendar.

Supervisor Francois presented:

File No. 112-71.

Supervisor Francois questioned the existing provision of Charter Section 117.1 which permits consideration of appeals from decision of the City Planning Commission to be continued only from week to week, thus frequently causing inconvenience to both appellants and respondents.

Supervisor Francois requested that the appropriate committee consider this matter as soon as convenient in order that it may be considered at the special election in June, 1971, in the event there is such a special election.

*Referred to Legislative and Personnel Committee.*

**Request Granted.**

**Complaints relative to use of Police Department helicopter.**

Supervisor Francois stated that there have been complaints about operation of the Police Department helicopter at night. He and Supervisor Gonzales requested that a communication be directed to Police Chief Nelder, pointing out that these complaints have been received, that they support the inclusion of this equipment in the department's war on crime, but urging that care be exercised in its use.

No objection; Clerk directed to comply.

No objection; Clerk directed to comply.

**Statement.**

Supervisor Gonzales called attention to a recent statement made by an individual before the Democratic Central Committee in Sacramento to the effect that the Mexican-American community would initiate a blood-bath unless certain welfare regulations are rescinded.

Supervisor Gonzales stated that because he has received many telephone calls and letters, he feels compelled to state that such sentiments are not endorsed or accepted by him, nor by the Spanish-speaking community of San Francisco nor of the State of California. He added that he also feels the journalists who covered this meeting were somewhat remiss in that they neglected to give the same coverage they awarded this unfortunate statement to the many constructive and worthwhile proposals put forth in Sacramento on that occasion.

No objection; Clerk directed to comply.

Supervisor Mendelsohn presented:

File No. 80-71-6, Ordinance No.

Supervisor Francois suggested the City and County might make a claim against the State for money appropriated for the surplus food program, or perhaps take legal action therefor.

Supervisor Mendelsohn stated that he felt this to be an excellent idea which can be taken up in Finance Committee. In committee, the members should surround this appropriation with that kind of language and a statement that it is contingent upon the fact that Federal monies will be available beginning February 1, 1971.

#### **Adopted.**

#### **Motion to Amend.**

Supervisor Gonzales, seconded by Supervisor Pelosi, moved amendment as follows: ADD rescinding prohibition against stopping on the south side of Broadway between Osgood Place and Powell Street.

Sergeant Lahey of the Police Traffic Bureau stated that the Police Department feels tow-away provisions should be retained between 3:00 p.m. and 1:00 a.m. on week nights.

Chief Cody of the Fire Department recommended tow-away be retained on both sides of the street from after the dinner hour until 12:00 or 1:00 a.m.

There being no objection, on motion of Supervisor Gonzales, the privilege of the floor was granted the following: Jack Berman, Attorney, representing Broadway Merchants Association, and Mr. Morzenti, President, Telegraph Hill Survival Association.

In response to questions, Chief Cody stated his department can get along without tow-away provisions on week nights; Sergeant Lahey stated his department favors retention of tow-away provisions as they now exist; William Marconi, Department of Public Works Bureau of Traffic Engineering, stated that his studies indicate that available parking spaces are, in the main, being taken up by people employed in the business establishments in the area.

File No. 204-70-21, Resolution No.

In response to questions by Supervisor Francois, Dr. Francis J. Curry, Director of Public Health, requested that any neighborhood advisory committees to be established in connection with the satellite mental health clinics be advisory only to the director of the satellite clinic. He pointed out that the meetings of the city-wide Mental Health Advisory Board are open to the general public and anyone having business before that Board may be heard. Thus, the satellite advisory committee would have an opportunity for redress before that Board and also before the local Director of Mental Health.

Dr. Curry added that he has not been in contact with the owner of the property to be leased and has no knowledge of any time limit established by him for entering a lease.

### **Refused Adoption.**

**Motion that O. R. Project be urged to continue full activity until at least June 30, 1971, and requesting Economic Opportunity Council to establish priority for fund allocation which will assure full cooperation after that date.**

File No. 109-71-2.

Supervisor Francois advised the Board that he had gone to Sacramento this morning relative to the allocation of Federal funds under the Safe Streets Act and while there had learned that changes in legislation now permit direct grants to major cities and counties. He added that he had been informed that the State is in receipt of eight million dollars of such Federal funds for expenditure in fiscal year 1970-71 and that if the O.R. Project will submit an application for funding, there is a very good possibility that sufficient funds would be made available for not only a continuation of the present program but for an expansion thereof for a three-year period. Supervisor Francois suggested that such a program might be tied into the Personal Citation Program in lieu of arrest, which would be of assistance to the courts.

Supervisor Francois wondered why the O.R. Project is not accepting new applications, if such reports are correct. He requested that a communication be directed to the O.R. Project, inquiring if it would be possible for the Project to continue at least until the end of the fiscal year.

Supervisor Gonzales added the observation that, since all or most of the Project's personnel, to which the City and County is contributing funds, are still employed, there seemed to be no reason why full processing of applications should not continue.

Supervisor von Beroldingen concurred in Supervisor Gonzales' remarks, observing that the City and County has appropriated \$12,000 for the continued operation of the O.R. Program, which should entitle the Board to a full explanation. She added that the Board should also ascertain why the Economic Opportunity Council has not given this program the high priority it should be accorded.

Supervisor Mailliard, seconded by Supervisor Gonzales, moved that the various questions be directed as enumerated above.

File No. 80-71-3, Ordinance No.

(February 8, 1971—Consideration continued to February 16, 1971.)

Supervisor von Beroldinen presented to the Board a recap of the attorney fees awarded by the judges of the Municipal Court. She said she felt it to be a fair assumption that the fees exceed the minimum fees that most attorneys charge for given services.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that consideration be continued to February 22, 1971, so that the Board might review the figures submitted and so that Clerks of both the Municipal and Superior Courts might be present.

*Motion adopted by the following vote:*

Ayes: Supervisors Boas, Driscoll, Feinstein, Francois, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Barbagelata, Gonzales—2.

File No. 80-71-5.1, Ordinance No.

(February 8, 1971—Consideration continued to February 16, 1971.)

Supervisor Feinstein commented that it would appear either that the Board should not have reduced the department's budget for this item or that the departments should be required to live within their annual budget.

Supervisor von Beroldingen agreed that this is a matter which would require some fact-finding. She suggested that a communication be directed to the Assessor, asking that actual logs be kept of mileage, that employees be directed to map their trips for the day so that mileage might be reduced, and that any future requests for additional funds be accompanied by detailed mileage reports.

The Chair directed that the Journal reflect the foregoing comments and that a communication be sent to the Assessor as suggested above.

The Controller not being prepared to advise the Board as to the current status of appropriations to other departments for use of employees' cars, Supervisor Francois, seconded by Supervisor Mailliard, moved that consideration be continued to February 22, 1971.

*Motion adopted by the following vote:*

Ayes: Supervisors Boas, Driscoll, Feinstein, Francois, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Barbagelata, Gonzales—2.

File No. 171-70-3, Ordinance No.

(November 16, 1970—Consideration continued to February 16, 1971.)

**Refused Adoption.****Motion to Continue Consideration.**

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that consideration be continued to March 1, 1971, during which time the Planning and Development Committee shall hold public hearings relative to an over-all master plan for development of the waterfront and present to the full Board facts relative to the financial feasibility and the willingness of specific developers to construct under varying height limitations.

Revise the balance of text of Section 120.6 to conform to the foregoing, as well as the title of the ordinance."

In response to a question by Supervisor Mailliard, Deputy City Attorney Kenealey advised that it was his and Deputy City Attorney Stark's judgment that this would be a material modification of the text and as such would have to be re-referred to the City Planning Commission for hearing since the City Planning Commission has considered only height limits from 84 feet upward.

Supervisor Francois thereupon withdrew his motion to amend.

### **Refused Adoption.**

Supervisor Francois, seconded by Supervisor Tamaras, thereupon moved that the matter be rereferred to the City Planning Commission with the request that the Commission consider the establishment of a forty-foot height limit in this district.

*(Supervisor Francois dissenting in Committee.)*

**Approving lease between Recreation and Park Commission and Specialty Restaurants Corporation for construction, operation, and maintenance of restaurant facilities at San Francisco Marina Small Craft Harbor.**

File No. 202-70-4, Ordinance No.

The Clerk presented a communication from the Recreation and Park Commission requesting continuance because no member of the Commission can be present today.

Noted and ordered filed.

Supervisor Francois stated that he had dissented in Committee because he felt the City must obtain funds from some source in order to meet its commitment to the State. However, he now requests that the Journal show that it is his position that he will not support the building of a restaurant at the Marina Small Craft Harbor and will favor some alternative method of meeting the City's obligations.

In response to a question by Supervisor Feinstein, Deputy City Attorney Kenealey advised that San Francisco has a legal obligation to find such funds as are sufficient to satisfy the requirements of the contract and to carry out the improvement program.

Paul Yuke, Business Manager, Recreation and Park Department, stated that funds are required now to pay the costs of operations, maintenance, and improvements. If no other sources of revenue are made available, these costs must be provided from the ad valorem taxes.

Later on roll call Supervisor Feinstein stated that she is putting together a rather extensive presentation and has suggested a number of persons to be invited to the committee meeting. Supervisor Feinstein requested that the committee hearing be scheduled for sometime in March because many of the reports relative to the recent Los Angeles earthquake will not be available until then. Supervisor Boas agreed.

When his name was reached on roll call Supervisor Mendelsohn requested that certain questions he had propounded in writing relative to San Francisco's preparedness be asked of the Director of the Disaster Corps either at the public hearing or in advance. Monday, February 22, 1971—2:00 p.m.

---

In meeting of the Board of Supervisors, San Francisco, Monday, February 22, 1971, 2:00 p.m., the Board of Supervisors met in regular session.

## **CALLING THE ROLL.**

The roll was called and the following Supervisors were noted present:

Supervisors Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Barbagelata—1.

Quorum present.

President Dianne Feinstein presiding.

Supervisor Barbagelata excused from attendance because of illness.

## **Presentation of Guests.**

The Chair introduced and welcomed members of a class from St. Cecilia's School.

## **UNFINISHED BUSINESS.**

### **Referred to Committee.**

The following recommendations of Finance Committee, heretofore considered, were taken up:

**Appropriating \$25,000, Controller, for court-ordered expenditures; an emergency measure.**

File No. 80-71-3, Ordinance No.

(February 16, 1971—Consideration continued to February 22, 1971.)

Supervisor von Beroldingen stated that she felt there is a good deal of question concerning these court-ordered fees. The fees seem to vary from about \$18 per hour to \$58 per hour with no explanation as to the reason for the discrepancy. Also, many of the fees were awarded to an attorney whose name appears many times and who within one ten-day period received fees of almost \$5,000, all without explanation.

Supervisor von Beroldingen said she felt it would be in order to direct a communication to the Presiding Judge of the Superior Court asking him by what means these fees have been arrived at and how the attorneys are selected.

In addition, Supervisor von Beroldingen said she felt investigation is warranted as to the legal authority for employing court-appointed counsel because the "Public Defender is not available." She said that neither the number of hours nor the kind of service rendered are listed on any of the requests for warrant accompanying the request for appropriation.

### **Adopted.**

#### **Motion to Refer to Committee.**

Supervisor von Beroldingen, seconded by Supervisor Gonzales, moved that communications be directed to the Presiding Judge of the Municipal Court and to the Presiding Judge of the Superior Court, asking for a clarification of at least ninety-five percent of the items, asking how the attorneys are selected for court appointment, and on what grounds the judges find it possible to appoint counsel because the Public Defender is not available.

Supervisor von Beroldingen stated that she felt the Board should make it clear that in the future the Board will expect this kind of explanation in support of any such requests for funds.

Supervisor Francois suggested that it might be preferable to return the subject matter to committee where it can be gone into at some depth.

Supervisor von Beroldingen thereupon withdrew her motion and moved as a substitute therefor that matter be rereferred to Finance Committee for further public hearing, with a request to Clerks of both courts that they be present to give the committee additional information. Motion seconded by Supervisor Gonzales.

*Motion to refer adopted by the following vote:*

Ayes: Supervisors Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Barbagelata—1.

### **Finally Passed as Amended.**

**Appropriating ((\$7,000,)) \$4,500, Assessor, for use of employees' cars; an emergency measure.**

File No. 80-71-5.1, Ordinance No. 42-71.

(February 16, 1971—Consideration continued to February 22, 1971.)

In response to a question by Supervisor Francois, Controller Cooper advised the Board of the results of his review of the appropriations for use of employees' cars in six departments having sizable appropriations for this purpose: Assessor, Social Services, Juvenile Court, Building Inspection, Food and Sanitary Inspection, and Health Centers. (See File for copy of statement.)

Supervisor Francois stated that he believed a major policy decision is involved in this matter. Obviously, some departments attempted

to live within their budgets and others did not. If this request is granted, Supervisor Francois said he would anticipate similar requests from other departments. Supervisor Feinstein agreed.

In response to questions by Supervisor Feinstein, Ray Leavitt, speaking for the Assessor, stated that in order to produce an equitable assessment roll he must send auditors and appraisers to locations throughout the city. He said that daily logs of mileage used and destination are kept as a matter of course and that routing is carefully worked out so that there is no unnecessary use of cars. Mr. Leavitt said that the department cannot function adequately within the budgeted amount for this purpose.

### **Adopted.**

### **Motion to Amend.**

Supervisor Francois, seconded by Supervisor von Beroldingen, moved amendment by reducing the amount of the appropriation from \$7,000 to \$4,500.

*Motion adopted by the following vote:*

Ayes: Supervisors Boas, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, von Beroldingen—7.

In addition, Supervisor Boas said, there is pending in State and National Affairs Committee a proposed resolution memorializing the State Legislature to amend certain terms of the Burton Act by which the Port of San Francisco was transferred from the State to the City and County. He expressed a hope that this matter will also be heard soon, so that San Francisco will know in which direction to proceed in both the matter of shipping and of planning for the Port.

**Request Granted.**

**Requesting information about execution of contracts relating to construction of Southern Bay Crossing.**

Supervisor Gonzales called the Board's attention to reports of the California Toll Bridge Authority's decision to construct the Southern Bay Crossing despite the Board's policy that construction should be deferred. He said that it is his understanding that the San Francisco Port Commission has already approved certain contracts with the California Toll Bridge Authority which will implement plans to proceed with the Southern Bay Crossing.

Supervisor Gonzales requested that a communication be directed to the Port Commission asking why the Commission had proceeded with negotiations with the Authority in view of the fact that the Board of Supervisors was at the time considering the issuance of a policy statement opposing or favoring delay of the Southern Crossing.

Supervisor Gonzales also requested that the Clerk of the Board attempt to determine what San Francisco's obligations are under the contracts that have already been executed, what City streets will be affected, the binding effect of already executed contracts, and whether or not the Authority is in a position to force the City and County to observe and enter into relevant contracts.

Supervisor Feinstein advised that she had learned from the Director of Public Works that it is not known at this time whether City streets will be required to be closed, that the only area in the City which has not been covered by a contract is the proposed tunnel through the Hunters Point area, construction of which it would not be in the City's interest to obstruct. Supervisor Feinstein added that she has also learned that it may not be possible for the City to make a fight on this issue on the basis of refusing to close City streets, since the State could probably use its powers of eminent domain to force the street closings.

Supervisor Mendelsohn stated that he has requested from the City Attorney an opinion as to what legal roads are available to San Francisco to prevent construction of the Southern Crossing.

No objection; Clerk directed to comply.

#### **Referred to Committee.**

#### **Endorsing enactment of SCA 26, AB 268, and AB 269.**

Supervisor Mendelsohn stated that one of the tragedies of the Southern Crossing is that it will require the expenditure of funds that could be spent on expansion of the Bay Area Rapid Transit District.

Supervisor Mendelsohn recommended that the Board endorse certain bills pending in the State legislature which will make gas tax funds available for transit purposes: SCA 26, AB 268, and AB 269. Supervisor Mendelsohn requested referral to Committee for public hearing.

Supervisor Pelosi requested that the appropriate Committee of the Board consider endorsing establishment of the proposed Golden Gate National Recreation Area.

#### **Criticizing department's public relations with respect to proposed estab-**

**lishment of mental health clinics in the Potrero and Noe Valley Districts.**

Supervisor Pelosi stated that he has not seen a more inadequate attempt at public relations than that witnessed with respect to the recommendation of the Department of Public Health for establishment of public health clinics in the Potrero and Noe Valley Districts.

Supervisor Pelosi stated that the activities of mental health personnel in stimulating the hopes of the neighborhood for establishment of a mental health clinic in their district which eventually did not materialize was a vast disservice to the interested persons.

Supervisor Pelosi requested that a communication be directed to the Department asking to be informed in detail as to what activities were carried out in the way of community education, the number of and attendance at meetings which may have taken place to discuss them, the procedures which were followed in establishing the currently existing clinics, and any other information which might be relevant.

No objection; Clerk directed to comply.

**Referred to Committee.****Authorizing the temporary closing of portion of Polk Street.**

Supervisor Francois requested, as a justification of the Board's decision to use the funds allocated for McLaren Park improvement for reconstruction of the Ocean View gymnasium, that the Journal reflect the following statement contained in a communication dated March 1, 1971, by the Business Manager to the Chairman, Visitation Valley Improvement Association: "... the original plans of the Recreation and Park Commission in 1955 proposed an allocation of \$2.5 million for the acquisition of land and development of McLaren Park. To date, a total of \$2,859,382 of the \$7 million bond issue has been expended for this purpose. In addition, application of \$1,190,750 of State and Federal grants and approximately \$500,000 in Road Fund and Gas Tax monies over the years has brought the total expended at McLaren Park to approximately \$4,500,000. However, the Recreation and Park Commission realizes that further development of McLaren Park is necessary and has directed the General Manager . . . . to explore various Federal and State programs, such as that for Urban Impacted Areas, to procure additional financing for McLaren Park.

Supervisor Feinstein announced that the City Attorney has prepared a proposed ordinance, in accordance with her request, which would prohibit the retail sale of nonreturnable bottles or containers. **Requesting City Attorney's opinion relative to power of the Board to enact a fair housing ordinance.**

Supervisor Francois said he has a communication from the League of Women Voters, asking that the Board consider enacting a fair housing ordinance. He said that this request grows out of the current dispute over alleged discrimination at Park Merced.

Supervisor Francois recalled that the Board had previously considered enactment of a fair housing ordinance but had not done so because the field at that time had been occupied by the State. Supervisor Francois requested that the City Attorney be asked his opinion as to whether the situation has changed and the City may now enact legislation in this area.

No objection; Clerk directed to comply.

**Referred to Committee.**

**Requesting appropriation of sufficient funds to Department of Public Works, Street Cleaning Department.**

Supervisor Francois requested that the Finance Committee, in considering the 1971-72 budget, consider appropriating sufficient funds to the Department of Public Works, Street Cleaning Department for cleaning of streets after parades in which horses participate.

*Referred to Finance Committee (budget).*

**Request Granted.**

**Requesting City Attorney's opinion relative to requirement that Board call a special election in June, 1971, to present to the electorate the initiative petition currently being circulated.**

Supervisor Francois stated that he believed the initiative petition currently being circulated which calls for a building height limit in San Francisco of 72 feet has the potential for great mischief: At the time when the Board is attempting to hold down the tax rate, it may be required to authorize the expenditure of some \$350,000 for a special election in June on a proposal which may wreck the total economy of the City, since many property owners will undoubtedly demand a reduction in property assessment because of the greater restriction placed on the use of their properties.

Supervisor Francois said he understands the petition presents the Board of Supervisors and the Mayor with the alternative of enacting appropriate legislation in lieu of placing the question before the voters, and he wondered if this might be preferable to calling the special election.

Supervisor Francois requested that a communication be directed to the City Attorney asking the following: If such legislation were to be enacted, would the Board then be relieved of the necessity of calling a special election? Would there be any prohibition against repealing such legislation if it should prove unworkable? Would there be sufficient time under the law for enactment of legislation in view of the probably necessity for referral to and hearing by the City Planning Commission prior to Board action? If a special election is held, must it be held prior to November, 1971?

Later on roll call, Supervisor Gonzales requested that the City Attorney also be asked whether enactment of legislation by the Board and later repeal would relieve the Board of the obligation to call a special election.

No objection; Clerk directed to comply.

**Referred to Committee.**

**Bill pending before the State Legislature.**

Supervisor Gonzales requested that ACA 20, which would allow the City and County to authorize bingo games for the benefit of non-profit, charitable organizations, be referred to committee.

*Referred to State and National Affairs Committee.*

**Requesting information relative to anticipated effect on the tax rate of initiative petition which would impose a six-story building height limit throughout San Francisco.**

Supervisor Mailliard requested that a communication be directed to the Assessor, asking if he is able at this time to give the Board some indication of the possible impact the pending height limit as proposed in the initiative petition being circulated might have on property values and the resultant tax rate.

No objection; Clerk directed to comply.

**Memorializing the California State Division of Highways to undertake the undergrounding of U.S. Highway 1 through Golden Gate Park.**

Supervisor Pelosi presented:

File No. 146-71, Resolution No.

*Referred to State and National Affairs Committee.*

**Request Granted.**

**Payroll deductions for insurance premiums.**

Supervisor Pelosi requested that a communication be directed to the City Attorney, requesting an opinion as to whether the Controller's office is acting improperly in granting payroll deduction privileges to other than recognized legitimate city employee organizations.

No objection; Clerk directed to comply.

**Referred to Committee.****Bill pending in State Legislature.**

Supervisor Pelosi requested that the appropriate committee consider SB 163, relating to the Metropolitan Transportation Commission.

*Referred to State and National Affairs Committee.*

**Request Granted.****Resolution opposing seventy-two-foot building height limit.**

Supervisor Tamaras requested that the Clerk prepare for his presentation to the Board next week a resolution opposing the initiative petition being circulated which would limit building heights in San Francisco to seventy-two feet.

Supervisor Pelosi said he would dissent from the Board's taking any action on this subject prior to full and complete public hearings as contemplated by Planning and Development Committee within the next month.

Supervisor Tamaras stated that he felt it might be timely for the Board to take a position on this important subject; committee hearings can go forward even if the Board does make a declaration of policy.

Clerk directed to comply.

**Referred to Committee.**

**Appropriating \$2,973,471, various departments, for operations, and library and reference books; rescinding appropriation of \$2,908,430, various departments.**

**Salary Standardization Ordinance, Charter Sections 151 and 151.1, effective July 1, 1971, for miscellaneous employees.**

File No. 270-71-1, Ordinance No.

(February 16, 1971—Consideration continued to March 8, 1971.)

**Statement.**

Supervisor Tamaras, Chairman, Legislative and Personnel Committee, presented the following statement:

"Your Legislative and Personnel Committee presents to you today its recommendations pertaining to subject Salary Standardization Ordinance of 1971 for Miscellaneous Employees. There are 15,275 such employees in 1,344 classifications.

"Each member of the Board has before him today (1) a copy of the Civil Service Commission's Salary and Wage Survey dated January 29, 1971, with a copy of the Commission's letter of transmittal dated January 29, 1971; (2) a copy of the Commission's letter to the Board of Supervisors under date of January 29, 1971, transmitting a draft of the administrative provisions of the Salary Standardization Ordinance as recommended by the Civil Service Commission; and (3) a copy of the Commission's letter dated February 23, 1971, addressed to the Clerk of the Board, transmitting supplemental recommendations for salary increases and other revisions of the proposed Salary Standardization Ordinance. The foregoing constitute a comprehensive compilation of Civil Service Commission recommendations.

"Also before each Board member today is a copy of the pamphlet dated March 5, 1971, entitled "Recommendations of the Legislative and Personnel Committee in Connection with the Salary and Wage Survey 1970-71," reflecting the compensation schedule recommendations of the Committee.

"This year, in submitting to the Board salary standardization recommendations for miscellaneous employees, your Committee again has fully recognized the interrelated interests and, in some respects, the divergent concerns, of real property taxpayers and employees.

"Four public hearings, at which all interested were given an opportunity to be heard fully, have been held. Civil Service Commission recommendations have been reviewed comprehensively and intensively. All data regularly submitted has been evaluated with extreme care.

"Your Committee thereafter has concluded that the Commission's recommendations must be modified if we are to fairly and equitably observe the law's requirements for salary standardization, with due regard for economy in government.

"The total cost, in consequence of the Committee's considered findings, is \$6,265,639, as compared to the total of \$6,053,043 approved last year.

"Attached hereto is a copy of my memorandum of March 2, 1971 (see File 270-71-1), setting forth details and rationale of the Committee's recommendations. The Committee members are unanimous and firm in their conclusions. They urge their colleagues to recognize the essential fairness of the recommendations and to vote in favor of them, without change."

### **Adopted.**

### **Motion to Amend.**

Supervisor Tamaras, seconded by Supervisor Mailliard, as a recommendation of the Legislative and Personnel Committee, and as a substitute for the amendments proposed by the Board of Supervisors on February 16, 1971, to the schedule of compensations submitted by the Civil Service Commission on January 29, 1971, and revised by the Commission on February 23, 1971, moves that the compensations set forth in the Legislative and Personnel Committee recommendations be approved and adopted; that the schedule of compensations so amended be included in File No. 270-71-1, the Salary Standardization Ordinance of 1971, pursuant to Charter Sections 151 and 151.1; and that the amendments to the administrative provisions of said Ordinance, recommended by the Legislative and Personnel Committee and more specifically set forth in Supervisor Tamaras' statement concerning the Ordinance, be approved, adopted, and included in said Ordinance.

Supervisor Tamaras stated that there are possibly three clerical errors of omission, involving designation of defined relationships, which do not change the Committee's salary recommendations and which in due course will be corrected by another ordinance.

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales. Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

### **Invitation.**

The Clerk announced that all Board members are invited to attend swearing in ceremonies on March 11, 1971, at 11:00 a.m. in the Mayor's Office for Ben Blumenthal, member, Social Services Commission, and Eric Hoffer and Ernest Born, members of the Art Commission.

### **ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

#### **Referred to Committee.**

#### **Proposing moratorium on demolition of the Joyce Hotel.**

Supervisor Boas called attention to the plight of elderly persons who are being evicted from the Joyce Hotel in the South of Market area and who can find no other housing which they can afford. He said that the plight of these people seems prototypal now of citizens on low income for whom there is no succor or aid because their eviction is not caused by public action.

Supervisor Boas said he felt it important that a basic official policy be developed to meet the needs of senior citizens on low incomes. In some cities, he said, the supply of hotel rooms is kept constant by the means of prohibiting the demolition of residential hotels unless an equal number of replacement rooms are made available at the same time.

Supervisor Boas, seconded by Supervisor Gonzales, moved that the Board notify the Chief Administrative Officer that it is the desire of the Board—with the full knowledge that under the Charter he and departments under his jurisdiction have administrative control over the issuance of permits—that there be a moratorium of not more than six months duration declared on the issuance of a permit for demolition of the Joyce Hotel.

Supervisor Boas stated that if the Board adopts the foregoing motion, he intends that the Chief Administrative Officer be requested to provide the Board with an estimate of the rate of vacancies in hotel rooms and apartments and to conduct a survey of relocation resources in an attempt to determine how more housing of this type can be made available.

In response to a question by the Chair, Deputy City Attorney Kenealey stated that a freeze on the issuance of demolition permits could only be effected by action by the Board of Supervisors by resolution or ordinance and that any such legislation must be general and not specific. Mr. Kenealey urged caution in enacting any such legislation.

Supervisor Boas stated that he had no desire to freeze the issuance

of permits for the demolition of all such hotels, he was only interested in stopping the demolition of the Joyce Hotel.

When his name was reached on roll call, Supervisor Francois stated that he believes a survey on the vacancy rate in hotels was done fairly recently by the Redevelopment Agency in collaboration with the Department of Urban Renewal as a result of questions raised about the relocation section of the Workable Program. He suggested that the Agency be asked to report on the results of that survey.

Supervisor Francois also suggested that the condition of the Joyce Hotel should be considered to be sure the City and County would not be seeking the retention of a potentially hazardous residential building.

At the direction of the Chair, the matter was referred to Governmental Services Committee with the request that the City Attorney be requested to draft appropriate legislation which, if possible, would be effective in establishing a moratorium on the demolition of the Joyce Hotel, or, if this is not possible, which would be effective with respect to all similarly situated properties.

#### **Request Granted.**

**Memorializing State Legislature to amend certain terms of the Burton Act by which the Port of San Francisco was transferred from the State to the City and County.**

Supervisor Boas stated that he understands that the Port Commission will hold a public hearing on March 10, 1971, on the question of whether or not the Port should support or oppose Assemblyman Burton's proposed amendments to the Port transfer act.

Supervisor Boas requested that a copy of File No. 52-71-1, proposed resolution memorializing the State Legislature to amend certain terms of the Burton Act, pending in State and National Affairs Committee of the Board, be forwarded to the Port with the suggestion that the Port Commission may wish to take this into consideration in their deliberations.

**Motion that Human Rights Commission be requested to investigate alleged illegal and usurious practices of skid-row-type hotels.**

Supervisor Driscoll referred to recent newspaper articles written by Donald Cantor alleging that residents of skid-row-type hotels are the victims of possibly unethical, if not illegal, practices by hotel operators who may exact usurious interest rates on small loans as well as

assignments of life insurance policies to the detriment of the residents and, ultimately, their rightful heirs.

Supervisor Driscoll said that he knows from his own past personal experience that such practices are rampant in the South of Market Area and he suggested that a complete investigation be made of such practices.

When his name was reached on roll call, Supervisor Mendelsohn, seconded by Supervisor Driscoll, moved that a communication be directed to the Human Rights Commission requesting that the Commission investigate the conditions alleged in Donald Cantor's articles, determine whether or not the alleged practices are widespread, and, if in order, involve the Grand Jury, District Attorney, Salvation Army, and at the suggestion of Supervisor Francois, the New Start Center, in preparing and submitting to the Board recommendations for legislative action which will provide adequate protection of guests and remedial action for any culpable practices.

No objection; motion adopted.

**Referred to Committee.**

**Charter amendment—Amending Section 183, to permit Mayor or four or more members of the Board of Supervisors to submit negative ballot arguments without payment therefor.**

Supervisor Barbagelata presented:

File No. 173-71.

*Referred to Legislative and Personnel Committee.*

**Request Granted.**

**Requesting report on current need for the San Francisco Community Hospital .**

Supervisor Barbagelata stated that he understands from press reports that the low bid received for construction of the San Francisco Community Hospital is almost \$4 million over the amount available. He stated, also, that according to information he has, social conditions have changed since the bond issue for this purpose was approved by the voters and that hospital bed occupancy rate has been decreasing in the last two years.

Supervisor Barbagelata requested that the Clerk be directed to write the Chief Administrative Officer asking him to advise whether or not current data supports the need at this time for a new community hospital in San Francisco. Supervisor Barbagelata requested that when the reply is received from the Chief Administrative Officer it be referred to Finance Committee for consideration.

No objection; Clerk directed to comply.

**Referred to Committee. Request Granted.**

**Requesting letter to San Francisco Chronicle expressing the hope that the newspaper will discontinue publishing pornographic advertisements.**

Supervisor Barbagelata, seconded by Supervisor Driscoll, moved that the Clerk be directed to send a letter to the San Francisco Chronicle and that each member join in making a request that the Chronicle cease and desist from hard core pornographic advertisements and adopt the same standards for this kind of advertising as the San Francisco Examiner has adopted.

Supervisor Pelosi said that each member of the Board recognizes what Supervisor Barbagelata is attempting to do by means of this proposed motion; however, as a practical matter, he said he did not believe the Board, as a Board of Supervisors, could properly tell a newspaper editor what he could or could not do. Supervisor Pelosi added that if specific legislation is presented at any time he would be happy to have the Board consider it, but he did not believe that a motion presented on roll call was the proper vehicle for this kind of action; therefore he asked that Supervisor Barbagelata withdraw his pending motion.

After further discussion, Supervisor Barbagelata stated that he would like those Supervisors who agree with his view to join him in directing a communication to the Editor of the San Francisco Chronicle and that he would also like to have the matter referred to Committee.

The Chair directed that a proposed resolution be prepared and submitted to Committee.

*Referred to Fire, Safety and Police Committee.*

Supervisor Barbagelata thereupon withdrew his proposed motion and requested that a communication be directed to the San Francisco Chronicle, stating that he and any other Supervisor wishing to join him, do not believe that the type of hard core pornography they are still publishing is in keeping with the standards of the community, and that since the signers are representatives of the people of the community and feel personally that it is not right that advertisements of this kind be published, they hope the newspaper would discontinue such advertising in the future.

Supervisor Driscoll, Supervisor Feinstein, and Supervisor Tamaras indicated their desire to join Supervisor Barbagelata in his request.

Clerk directed to comply.

**Request Granted.**

**Requesting Board of Education to submit a master plan for schools.**

Supervisor Barbagelata recalled that at the time of submission the last proposed bond issue for capital improvements to schools there was no master plan presented detailing how the funds, if approved, were to be spent.

Supervisor Barbagelata requested that a communication be directed to the President of the Board of Education asking that the Board substantiate any proposed school bond issues with a master plan covering plans for each school in the City, showing which schools are to be

phased out and which will be improved, along with a schedule of priorities.

No objection; Clerk directed to comply.

**Referred to Committee.**

**Charter amendment—Amending Sections 5, 25, 49, 134, and 182 thereof, relating to election of members of Boards of Education.**

Supervisor Barbagelata presented:

File No. 174-71.

*Referred to Legislative and Personnel Committee.*

**Requesting study of civil service classification of harbor policeman.**

Supervisor Driscoll stated that a great inequity appears to exist between the benefits and salaries accorded to personnel within the civil service classification of harbor policeman and those accorded members of the uniformed force of the Police Department. He requested that a complete study from an actuarial point of view be conducted to determine the feasibility of incorporating this classification within the Police Department.

*Referred to Legislative and Personnel Committee.*

**Called Out of Committee.**

Supervisor Feinstein announced she was calling out of State and National Affairs Committee the following and requested that they appear on the Board calendar of March 22, 1971:

**Urging the State Legislature to amend state law so as to permit local authorities to define community standards and regulate obscene and pornographic acts, conduct, and material.**

**Urging the State Legislature to amend state law so as to define certain acts and prohibit these activities from being shown within a motion picture theater or closed circuit television theater.**

File No. 96-71-2, Resolution No.

Clerk directed to comply.

**Referred to Committee.**

**Requesting Committee consideration of a proposed change in the method of electing members of the Board of Supervisors.**

Supervisor Feinstein requested that committee hearings be held to determine the advisability of submitting to the voters a Charter amendment which would change the method of electing members of the Board of Supervisors by (a) establishing districts from which candidates would run for a seat on the Board; or (b) establishing a combined system of "at large" and "district seats" for election to the Board of Supervisors as recommended by the League of Women Voters.

*Referred to Legislative and Personnel Committee.*

Supervisor Mendelsohn presented:

File No. 171-71, Resolution No. 131-71.

Supervisor Mendelsohn, seconded by Supervisor Driscoll, moved adoption.

Supervisor Francois requested that the record reflect the fact that the supplemental education program has received the coldest reception from the Frederic Burk School. He said he would support the school now with some reluctance because he has some question as to whether or not the school is really being run as a laboratory school.

*Adopted by the following vote:*

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen —11.

Supervisor Pelosi called attention to the fact that some time has elapsed since the General Manager, Personnel, was requested to inform the Legislative and Personnel Committee of his recommendation with respect to the request that the sick leave rule be amended to permit payment in cash for unused sick leave to employees leaving City service. Supervisor Pelosi requested that follow-up request be sent the General Manager of Personnel.

No objection; Clerk directed to comply.

**Requesting preparation of an open letter to the people of San Francisco outlining the conduct of the Board on questions of pornography.**

Supervisor Pelosi requested that an open letter to the people of San Francisco be prepared outlining the conduct of the Board on questions of pornography and topless establishments; confirming the members' firm conviction that the preservation of the community morality is one of their primary concerns; decrying the proliferation of obscene literature and other things that tend to depress moral values; affirming willingness to conduct hearings on matters of legislation affecting the public good and public morality; and emphasizing that the members individually and collectively consider these matters to be of greatest concern to the people of San Francisco.

Supervisor Mendelsohn expressed his approval and suggested that, in addition to the points made by Supervisor Pelosi, the letter should also indicate that the Board has enacted legislation when it was within its constitutional authority to so do.

Supervisor Feinstein suggested that a little background and history be added.

Supervisor Pelosi agreed with the suggestion and added that the letter might be directed to the major newspapers.

No objection; Clerk directed to comply.

**Requesting estimate of the cost of a personnel survey of the Fire Department to determine what positions might be filled by persons other than members of the uniformed force.**

Supervisor von Beroldingen requested that a communication be directed to the General Manager, Personnel, requesting that the department submit an estimate of the cost of conducting a survey of the Fire Department similar to that conducted in the Police Department to determine what positions might be filled by civil service personnel, thereby freeing members of the uniformed force for firefighting duties.

The Chair inquired if anyone present wished to object. There being no response, the Chair declared the hearing concluded.

**Adopted.**

The following from Streets and Transportation Committee was taken up:

**Motion confirming warrant, assessment and diagram for the improvement of Tompkins Avenue between Nevada and Prentiss Streets and directing the Director of Public Works to deliver said warrant, assessment, and diagram to the contractor.**

**SPECIAL ORDER—2:00 P.M.****Hearing Concluded.**

**Hearing of appeal from the decision of the City Planning Commission disapproving application for a conditional use authorization to allow expansion of an animal hospital in a C-2 District at 1001 Ocean Avenue.**

File No. 93-71-4.

The privilege of the floor was granted the following:

Dr. Albert Chafets and Dr. Norman T. Freid, owners of subject property and appellants:

Robert Passmore, Zoning Administrator, who presented the decision of the City Planning Commission;

Mrs. Eva M. Murphy, 242 Harold Avenue, who spoke in support of appellants;

Peter Bagateles, representing owner of the building next door, who spoke in support of the City Planning Commission.

There being no one else present desiring to speak, the Chair declared the hearing concluded.

**Adopted as Amended.**

The following presented by the Clerk was taken up:

**Disapproving decision of the City Planning Commission denying application for a conditional use of property known as 1001 Ocean Avenue.**

File No. 93-71-4, Resolution No. 153-71.

(Appeal filed March 5, 1971.)

Supervisor Mailliard inquired of the appellants if they would be satisfied to have their application approved on the condition that they at all times provide the number of parking spaces within the 800 foot radius as required by the City Planning Code. Dr. Chafets and Dr. Freid indicated they would find such a proposal fair and would accept such a condition.

**Adopted.****Motion to Amend.**

Supervisor Mailliard, seconded by Supervisor Francois, moved amendment of subject resolution by adding the following: “; provided that such conditional use may be maintained only so long as the required thirteen off-street parking spaces within a walking distance of 800 feet are provided; and be it **FURTHER RESOLVED**, That the expansion of the building shall be in general conformity with plans on file with the Department of City Planning and that particular attention shall be paid to the control of odors and noise in the development of final plans for expansion of the building.”

Mr. Passmore indicated that it is his understanding that the Water Department cannot be considered as supplying any of the required off-street parking space. Deputy City Attorney Kenealey verified the fact that the provisions of the code do not permit leasing of Water Department land to a private individual for use as a parking lot; however, the applicant has the option of providing the required parking at another location within the 800-foot walking distance limit.

Mr. Passmore called attention to the fact that a parking lot for private purposes is not permitted within the subject district; an amendment of the code would be necessary to add a parking lot as a permitted use.

Deputy City Attorney Kenealey advised that the Board cannot assume a future amendment of the Planning Code; however, the Board may overrule the City Planning Commission and on roll call a Supervisor may introduce a proposed amendment of the City Planning Code to provide that parking on Water Department land may be permitted as a conditional use.

*Motion to amend adopted by the following vote:*

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

*Adopted as amended by the following vote:*

**Amending the Police Code by adding Article 1.1 thereto, regulating the use of house cars, campers and trailer coaches for human habitation.**

File No. 128-71, Ordinance No. 77-71.

(March 22, 1971—Consideration continued to March 29, 1971.)

Supervisor Pelosi indicated that a Mr. Borden, who purports to represent the opponents of subject measure, had requested the privilege of the floor.

Supervisor Francois, seconded by Supervisor Boas, moved that Mr. Borden be granted the privilege of the floor for a limited time only.

There being no objection to the motion, Mr. Borden addressed the Board, opposing subject proposal.

Supervisor Mailliard stated that he has concluded that the Board should support subject ordinance as it is written. He announced his intention on roll call to request that the City Attorney look into the entire situation very closely to see if any provision should be made for tourists, construction workers, or any others in properly equipped vehicles.

*Finally passed by the following vote:*

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen —11.

(March 22, 1971—Consideration continued to March 29, 1971.)

The Clerk presented a communication from the General Manager, Recreation and Park Department, setting forth the reasons for the department's recommending this commercial site for purchase for a mini-park.

Supervisor von Beroldingen explained that she had dissented in committee because she felt the City and County cannot afford to use commercially-zoned property for such a purpose and because she felt this to be a hazardous location for a park designed for use by parents with small children. Supervisor von Beroldingen stated that there are three R-3 and R-4 parcels nearby which would probably be available for about \$20,000.

Director of Real Property Wallace Wortman described the property. He said that the Assessor has assessed it at \$25,000. He added that the law does not permit acquisition of improved real property and demolition of improvements for mini-park purposes.

#### **Refused Adoption.**

#### **Motion to Continue. (See *infra* for rescission.)**

Supervisor Barbagelata, seconded by Supervisor Pelosi, moved that consideration be continued to April 5, 1971, to permit further research on the question of whether the City may purchase other than vacant land for the mini-park program.

Supervisor Tamaras requested that Deputy City Attorney Stark prepare for his introduction next Monday a proposed ordinance repealing the delegation of authority to the Social Services Commission for establishment of rules and regulations governing the provision of general assistance to the indigent poor and sick.

Supervisor Boas asked Controller Cooper to furnish the Board with a statement showing total welfare expenditures for the current fiscal year by category with a statement of the source of funds.

Supervisor Gonzales stated that the reason San Francisco's General Assistance costs are high is because the screening of applicants is slow and people who should be receiving aid under State and Federal programs remain on General Assistance longer than they should.

Supervisor Francois stated that he is willing to rely upon the dis-

cretion of the Planning Commission to make the amendment as narrow as the City Planning Commission thinks it should be but at the same time, Supervisor Francois said, he felt it should operate to allow a reasonable use of privately-owned property with consequent expansion of the tax base and without prejudice to the City's other interests.

The Clerk announced that Supervisor Mailliard had requested to be excused from attendance because of ill health.

No objection; request granted.

## **Presentation of Guest.**

The Chair introduced and welcomed Brendan Pelosi, son of Supervisor Ronald Pelosi.

## **Statement.**

**Motion granting privilege of the floor to community representative demanding increased employment opportunities.**

Supervisor Gonzales, seconded by Supervisor Boas, moved that the privilege of the floor be granted to a representative of the Committee for Jobs in San Francisco for a period of three minutes.

No objection; motion adopted.

Lee Brown addressed the Board, demanding the creation of 2,000 additional jobs for the unemployed throughout the State, more schools and more health institutions, more teachers, construction of decent homes. He said that if the people don't get action on their demands, they will come back.

Other speakers thereupon attempted to address the Board on the same subject. There being no motion for extension of the privilege of the floor to these speakers, members of the Board left the Chambers until order was restored.

### **Calendared for Board Hearing.**

The Clerk presented the following from Public Utilities Commission:

#### **Disapproving abandonment and discontinuance of certain service on Municipal Railway Line No. 25.**

File No. 206-71-1, Resolution No.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved that public hearing on the subject proposal of the Public Utilities Commission be calendared for the Board meeting of April 19, 1971, as a special order at 2:00 p.m.

No objection; motion adopted.

### **Taken Up Out of Order.**

#### **Consideration Continued.**

There being no objection, on motion of Supervisor Gonzales, the following from Legislative and Personnel Committee without recommendation was taken up out of order:

**Charter amendment—Amending Section 135, deleting heads of departments, vice-principals, principals, supervisors, and directors of the school department from the list of employees who shall be classified as permanent in such positions after serving a three-year probationary period.**

File No. 161-69.

(March 29, 1971—Consideration continued to April 5, 1971.)

Supervisor Gonzales, seconded by Supervisor Mendelsohn, moved that consideration be continued to April 12, 1971.

No objection; motion adopted.

**Taken Up Out of Order.****Referred to Committee.**

There being no objection, on motion of Supervisor Boas, the following called out of State and National Affairs Committee by Supervisor Boas was taken up out of order:

**Memorializing the State Legislature to amend certain terms of the Burton Act by which the Port was transferred from the State to the City and County.**

File No. 52-71-1, Resolution No.

Supervisor Boas, seconded by Supervisor Pelosi, moved adoption.

Supervisor Gonzales stated he felt the subject resolution undoubtedly has a great deal of merit to it; however, it has not been the subject of public hearing in committee and should be the subject of extensive discussion. In addition, the Port Commission has expressed some serious reservations about the proposed legislation, which reservations should be heard.

Supervisor Gonzales, seconded by Supervisor Francois, moved that subject legislation be rereferred to State and National Affairs Committee for consideration at a special meeting on April 13, 1971.

In response to a question by Supervisor Boas, State Legislative Representative Shelley advised that the last day for presentation of proposed new legislation in the State Legislature has passed; however, there are three bills pending which pertain to the Port and which can be amended prior to enactment.

Supervisor Boas stated for the record that in his opinion the legislative bills introduced by Assemblyman Burton do not address themselves to the basic problem of developing the nonshipping areas of land under the jurisdiction of the Port Commission. The existing legislation must be amended by deleting the requirement that the Commission lease nonshipping land in such a way as to obtain the maximum profit.

*Motion adopted by the following vote:*

Ayes: Supervisors Barbagelata, Driscoll, Feinstein, Francois, Gonzales, Mendelsohn, Tamaras, von Beroldingen—8.

Noes: Supervisors Boas, Pelosi—2.

Absent: Supervisor Mailliard—1.

The Board thereupon commenced consideration of Calendar items in the order set forth therein.

**UNFINISHED BUSINESS.****Adopted.**

The following recommendation of Finance Committee, heretofore considered, was taken up:

*(Supervisor von Beroldingen dissenting in Committee.)*

**Authorizing purchase of certain real property from Lee C. Cogdill, et ux., for \$41,500; required for the Recreation and Park Department as a mini-park.**

File No. 102-71, Resolution No. 190-71.

(Property is a vacant lot located on the north line of Twenty-fourth Street 50' west of York Street, 50' x 104'.)

(March 29, 1971—Consideration continued to April 5, 1971.)

In response to a question by Supervisor von Beroldingen, Deputy City Attorney Kenealey stated that, after review of the contract and application for the minipark program, he believes that the City agreed that it would not condemn property or purchase property which had improvements on the land, and that the City is bound by the terms of the existing contract; however, the contract could probably be amended. Mr. Kenealey added that there has been no provision made in the program for the cost of demolition of buildings or the cost of relocation of residents of businesses.

Director of Property Wortman testified as to his appraisal of various properties in the area.

Supervisor von Beroldingen stated that she felt the subject property to be vastly over-priced and that Twenty-fourth Street was not the proper place for a park. Supervisor von Beroldingen urged that the Board consider this matter carefully before setting a precedent of using commercial property for such a purpose.

Supervisor Barbagelata said that he felt there is no legal requirement that the City buy only unimproved properties for the mini-park program. He said that money has been wasted when a much wider choice of properties would have been available if improved properties were also considered. He urged disapproval of subject legislation.

Joseph Rock of the Recreation and Park Department advised the Board that the mini-park program will expire on September 30, 1971, and that all property acquisitions must be completed by that date.

### **Refused Adoption.**

#### **Motion to Continue Consideration.**

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that consideration be continued to April 12, 1971, for reports from departments involved as to how much time would be required to select another site in this area.

File No. 80-71-20.1, Resolution No. 189-71.

Supervisor Tamaras asked about the possibility of financing equipment purchases from revenues raised from a bond issue.

Chief Administrative Officer Mellon stated that financing by means of a bond issue would cost the taxpayers more. The amount proposed here to be appropriated over a period of years is the same amount the department has been budgeting for hospital equipment. The State requires assurance that the equipment will be supplied; failure to adopt the subject legislation would jeopardize State funding of the project.

Deputy City Attorney Kenealey reminded Board members that Section 69.2 of the Charter provides that multi-purpose bond issues must be for capital improvements that have been included within the Capital Improvements Program for at least one year prior to submission.

Mr. Mellon stated that it is anticipated that construction of the medical center can be underway by July 1, 1971, and that a three-year construction period is contemplated.

**Appropriating ((\$3,285,570,)) \$1,642,785, Social Services, for categorical aids; an emergency measure.**

File No. 80-71-17.1, Ordinance No. 95-71.

(Aid to families with dependent children	(((\$3,109,625))	\$1,554,813
Old age security	((52,132))	26,066
Aid to blind	((123,727))	61,863
General assistance, resident	((86))	43)
(Funds are appropriated from:		
State and Federal Aid	((2,585,570))	1,292,785
General Fund, unappropriated balance	((400,000))	200,000
Unemployment Relief Reserve	((300,000))	150,000)

In response to a question by Supervisor von Beroldingen, Deputy City Attorney Kenealey stated that while the decision of the United States Supreme Court had been concerned primarily with families with dependent children, and was to the effect that any resident of the United States had a constitutional right to travel and that, therefore, residence requirements could not be established for the dispensation of aid, some of the language in the decision is quite broad. He said he believed New York has attempted to take some action toward having the decision reconsidered.

Supervisor von Beroldingen requested that the City Attorney advise the Board as to what approach San Francisco might take in order to have the United States Supreme Court reconsider its decision.

Supervisor Tamaras requested that the Finance Committee discuss with the Social Services Commission during departmental budget hearings the possibility of the Commission's changing their rules and regulations by establishing residence requirements for persons applying for general assistance.

Supervisor Tamaras also requested that the Clerk write New York City, asking for a copy of New York's rules and regulations for the granting of aid.

Supervisor Gonzales said that a great deal of the financial cost of general assistance arises from the fact that since December, 1971, the State has not approved the granting of a single application for aid to

the disabled; therefore, persons who might qualify for that category of aid are being paid from general assistance funds.

Supervisor Gonzales asked if it would be proper for the budget analyst of the Board of Supervisors to make an audit of the San Francisco Department of Social Services. Deputy City Attorney Stark stated that he was unable to answer that question today, since there is a requirement that welfare recipient records be considered confidential.

Supervisor Francois stated that he felt the Board of Supervisors should address itself to some of these matters before adopting a 1971-72 budget for the Department of Social Services. Perhaps if it is found that general assistance is being paid to persons qualified for aid to the disabled or any of the other categorical aids, it might be in order to reduce the proposed budget for general assistance.

**Not Acted Upon.**

**Motion to Continue.**

Supervisor Boas, seconded by Supervisor Barbagelata, moved that consideration be continued to May 3, 1971.

**Adopted.**

**Motion to Amend.**

Supervisor Francois, seconded by Supervisor Mendelsohn, moved that the proposed appropriation be reduced to \$1,642,785.

*Finally passed as amended by the following vote:*

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

The Board thereupon commenced consideration of Calendar items in the order set forth therein.

### **Taken Up Out of Order.**

### **Adopted as Amended.**

There being no objection, on motion of Supervisor Pelosi, the following recommendation of Joint Planning and Development and Finance Committee, heretofore considered, was taken up out of order:

**Approving Mission Model Neighborhood Comprehensive Development Plan 1971-72 as an amendment to San Francisco's First Year Action Comprehensive Development Plan and authorizing its submission to the Department of Housing and Urban Development for Federal approval.**

File No. 67-71-1, Resolution No. 243-71.

### **Adopted.**

### **Motion to Amend Plan. (See infra.)**

(April 26, 1971—Supervisor Gonzales, seconded by Supervisors Pelosi and Francois, moved amendment of the Mission Model Neighborhood Comprehensive Development Plan 1971-72 as follows:

(Manpower Section, page E-2, paragraph 2, line 3, delete "By becoming involved in the activities of the Committee,"; capitalize first word in remainder of sentence;

(Day Care Section, page G-1, paragraph 2, line 1, after "Beneficiaries:" add "First priority will be given to"; line 3, delete "First priority will be given to those referred through the Community Hiring Hall (see Manpower project) and other organizations participating in the CDP." (See infra.)

(Housing Section, page D-3, paragraph 2, Housing Assistance, line 10, after "as a result of rehabilitation." add "Evaluations of the increases will be made by independent third parties such as the San Francisco Human Rights Commission.")

(Board took no action on motion because of subsequent adoption of a motion to continue consideration of subject to May 3, 1971.)

Supervisor von Beroldingen said she felt action should be postponed until the boundaries of the model neighborhood area can be amended by deleting the Potrero Hill area from it.

### **Refused Adoption.**

### **Motion to Continue Consideration.**

Supervisor von Beroldingen, seconded by Supervisor Barbagelata, moved that consideration be continued to May 10, 1971.

In response to a question by Supervisor Barbagelata, Deputy City Attorney Kenealey stated that he believed it to be within the purview

of the Board to forward the plan as approved by the Board with qualifying language as to the location of the boundary lines; however, he believed amendment of the area covered by the plan to be subject to approval of the Mission Model Neighborhood Corporation which has presented the plan to the Board.

### **SPECIAL ORDER—2:00 P.M.**

#### **Hearing Concluded.**

**Hearing of appeal from the decision of the City Planning Commission denying application for change in use classification from R-1 to C-2 of certain property located on the southwest corner of Jarboe and Peralta Avenues.**

File No. 93-71-6.

(Appeal filed March 29, 1971.)

(April 26, 1971—Consideration continued to May 3, 1971.)

The privilege of the floor was granted the following:

#### **Appellants:**

Chester E. Caldecott, Attorney for Advan, Inc.;  
Mario Paolini, Attorney for subject property owner;  
Charles Baird, Manager, Holiday Inn, Civic Center;

#### **Respondents: R. Spencer Steele, Zoning Administrator;**

Richard Gambell, representing Bernal Heights Association.

In response to a question by Supervisor Francois, Mr. Paolini stated that the property owner has signed a tentative agreement that the property will revert to R-1 zoning at the expiration of their lease with Advan in 1975.

Deputy City Attorney Kenealey advised that the Board of Supervisors has the authority to approve or disapprove the proposed reclassification but has no authority to place a restriction upon a piece of property to be operative at a future time.

In response to request of Supervisor Francois, Mr. Caldecott stated that he would be happy to furnish the Bernal Heights Association with a copy of the agreement signed by Advan, Inc., and the owner of subject property.

There being no one else present desiring to speak, the Chair declared the hearing concluded.

#### **Adopted.**

The following presented by the Clerk, heretofore considered, was taken up:

**Disapproving decision of the City Planning Commission denying application for change in use classification from R-1 to C-2 of certain property located on the southwest corner of Jarboe and Peralta Avenues.**

File No. 93-71-6, Resolution No. 231-71.

Supervisor Francois, seconded by Supervisor Gonzales, moved adoption.

File No. 36-71-3, Ordinance No. 108-72.

(April 26, 1971—Consideration continued to May 3, 1971.)

Supervisor von Beroldingen and Supervisor Driscoll expressed their feeling that subject proposal is undesirable.

There being no objection, on motion of Supervisor Gonzales, the privilege of the floor was granted George Choppelas, attorney for persons who had recently purchased property in the area with the idea of developing it under the R-3 zoning. Mr. Choppelas suggested that the Board might consider inserting an effective date in the proposed legislation, giving property owners an opportunity to file applications for building permits under the present zoning.

Deputy City Attorney Kenealey stated that the Charter provides that such an ordinance would become effective thirty days after approval by the Mayor. Under the present circumstances, an act of the Board delaying the effective date would be construed as the granting of a special privilege.

**Adopted.**

**Motion to Continue Consideration.**

Supervisor Barbagelata, seconded by Supervisor Driscoll, moved that consideration be continued to May 10, 1971.

In response to a point of order raised by Supervisor Francois, Deputy City Attorney Kenealey stated that any official action by the Board of Supervisors must be by ordinance or resolution; however, any member may direct the Clerk to draft a communication which individual members may or may not choose to sign.

Supervisor Barbagelata thereupon requested that the Clerk be directed to write the Board of Education, asking that the Board appeal the recent court decision requiring integration of San Francisco schools.

The Chair asked any Supervisors wishing to join Supervisor Barbagelata in signing such a communication to so indicate. Supervisors Tamaras and Driscoll indicated they wished to join Supervisor Barbagelata in the foregoing request.

File No. 36-71-3, Ordinance No.

(May 3, 1971—Consideration continued to May 10, 1971.)

(May 3, 1971—Consideration continued to May 10, 1971.)

**Not Acted Upon.**

**Motion to Amend.**

Supervisor Pelosi, seconded by Supervisor Gonzales, moved amendment as follows:

Paragraph 4, line 1, after "calls upon" ADD "(1)"; line 2, after "public bodies" DELETE ", (1)"; line 5, after "costs of such means, and (2)" DELETE "to make a finding concerning the practicality and feasibility of using" and ADD "the San Francisco Redevelopment Agency to advise the City Planning Commission and the Board of Supervisors concerning the use of".

After paragraph 4, ADD a new paragraph reading "FURTHER RESOLVED, That the Board of Supervisors requests the San Francisco Redevelopment Agency to seek funds from the Federal Department of Housing and Urban Development to determine the feasibility of preparing and carrying out a renewal program for the Northern Waterfront; and be it".

Miss Miriam E. Wolff, Port Director, stated that the Port Commission is very much disturbed at the idea of using the redevelopment process on the waterfront. She stated that there is no dearth of private funding for improvements of a non-maritime nature on the waterfront. With all the problems of the citizenry and all the areas in which the City would want Federal funding, those areas should be considered before the port is designated as a redevelopment area. Such a designation would not change the jurisdiction of the Bay Conservation and Development Commission in any respect but would slow down development of Port lands, a committee of overseers would have a serious, deleterious effect on the Port.

Miss Wolff said that none of the above observations would apply to File No. 52-71-2, proposed resolution requesting preparation of a waterfront master plan. She said that the City Planning Department has come up with a very acceptable northern waterfront development plan which the Port Commission believes it can live with; however, if the Board of Supervisors feels further planning should be done, the Commission believes File No. 52-71-2 is acceptable.

Planning Director Jacobs stated that he did not understand the second resolved paragraph or its necessity. He questioned seriously the establishment of a separate citizens northern waterfront committee.

**Adopted.**

**Motion to Continue.**

Supervisor Mailliard, seconded by Supervisor Boas, moved that consideration be continued one week to permit the committee to prepare a single proposal for Board consideration.

*Motion adopted* by the following vote:

Ayes: Supervisors Barbagelata, Boas, Gonzales, Mailliard, Mendelsohn, Pelosi—6.

Noes: Supervisors Driscoll, Feinstein, Francois, Tamaras, von Beroldingen—5.

(May 3, 1971—Consideration continued to May 10, 1971.)

Supervisor Gonzales, seconded by Supervisor Francois, moved referral to State and National Affairs Committee.

No objection; motion adopted.

**NEW BUSINESS.**

**Consideration Continued.**

The following called out of Planning and Development Committee by Supervisor Driscoll, heretofore considered, was taken up:

**Requesting preparation of a waterfront master plan.**

File No. 52-71-2, Resolution No.

Supervisor Feinstein urged enactment. She said she felt there is some urgency to this matter. The Bay Conservation and Development Commission will meet on May 20, 1971, to consider a plan change. After that the committee will want a master plan before the members before approving any private development on Port Commission lands. Supervisor Feinstein stated that to her knowledge there is no opposition to subject proposal; it is supported by San Francisco Planning and Urban Renewal Association, Citizens Waterfront Committee, and Potrero Hill Dwellers.

Supervisor Mailliard, seconded by Supervisor Boas, moved that consideration be continued to May 17, 1971.

**Request Granted.****Commending Police Department.**

Supervisor Barbagelata requested that a communication be directed to the Police Department, commending the department on its handling of the May Day celebration in the City and for their excellent performance during the recent peace march.

He stated that the Police Department will be coming to the Board for a supplemental appropriation for overtime, which costs were increased by the foregoing two events. Supervisor Barbagelata said he felt the Board should be supporting big business rather than those who are demonstrating against business.

### **Communication.**

Supervisor Driscoll presented a communication from Joseph F. Fogarty, whom the Board had on April 22, 1971, commended on the occasion of his retirement as assistant fiscal officer of the San Francisco Board of Education. ### **Request Granted.**

**Referring to Citizens Charter Revision Committee question of an elected Board of Education.**

Supervisor Pelosi requested that a communication be directed to the Citizens Charter Revision Committee, outlining to them the fact that there is still much controversy and alternative ideas in the community about how the Board of Education members should be elected, and asking the Committee to consider the matter and perhaps present to the Board of Supervisors alternate plans for consideration.

No objection; Clerk directed to comply.

**Requesting preparation of legislation which would give the City greater control over development of vacated street areas.**

Supervisor Pelosi called attention to the fact that when the City vacates street areas to which the City holds title in fee, the price set

for the vacated property is one-half fair market value. He observed that in such a case, where the City is giving something away, the City should expect to get something in return.

Supervisor Pelosi requested that a communication be directed to the Department of City Planning, requesting that the department prepare legislation which would provide that, in the event a street is vacated, city departments would retain control over the type of development to be placed on the vacated property.

No objection; Clerk directed to comply.

**Referred to Committee.**

### Taken Up Out of Order.

### Consideration Continued.

There being no objection, on motion of Supervisor Gonzales, the following from Legislative and Personnel Committee without recommendation was taken up out of order:

**Charter amendment—Amending Section 135, deleting heads of departments, vice-principals, principals, supervisors, and directors of the school department from the list of employees who shall be classified permanent in such positions after serving a three-year probationary period.**

File No. 161-69.

Supervisor Gonzales, seconded by Supervisor Francois, moved that consideration be continued to June 1, 1971.

*Motion adopted* by the following vote:

Ayes: Supervisors Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, von Beroldingen—9.

Absent: Supervisors Barbagelata, Tamaras—2.

**Presentation of Guests.**

The Chair introduced and welcomed the following:

Members of civics classes of George Washington High School and their teacher, Mrs. Denny, and Mr. and Mrs. D. W. Geddes, Town Clerk, Municipality of North Sydney, Australia.

The Board thereupon commenced consideration of Calendar items in the order set forth therein.

**UNFINISHED BUSINESS.****Adopted as Amended.**

The following from Finance Committee with recommendation "do pass after amendment" was taken up:

**Annual budget of the City and County of San Francisco for the fiscal year 1971-72.**

File No. 100-71.

Supervisor von Beroldingen called to the Board's attention the correction of clerical errors in the mimeographed recommendations of the Finance Committee for amendment of budget items as follows:

On Page 6 of the recommendations, Budget Page 753, Public Health, Line 22, Account Clerk, one position should be deleted instead of four, with a corresponding amount remaining in the dollar column of \$23,458 instead of \$31,277.

On Budget Page 754, Public Health, Sheet 3, Line 11, Research Psychologist, delete one position with a corresponding reduction of \$17,885.

On Budget Page 790, Public Health, Sheet 16, Line 2, Senior Psychiatric Social Worker, delete one position with a corresponding reduction of \$15,432.

On Budget Page 814, Public Health, Sheet 2, Line 19, Senior Psychiatric Social Worker, eliminate one position with a corresponding reduction of \$15,432.

On Page 2 of the Budget Recommendations, under Fire Department, Page 111, Line 13 (Payroll and Personnel Clerk), Line 16 (Clerk Typist), and Line 18 (Clerk Stenographer), the deletions shown should be stricken.

(Under date of May 20, 1971, the Controller advised the Clerk of the Board that the preceding corrections eliminating the reduction of three positions in the Fire Department and adjusting three positions within the Mental Health Division of the Department of Public Health necessitated the following additional corrections in the mimeographed recommendations of the Finance Committee:

On Page 77, line 20, Controller, amount remaining for Social Security: General Fund, should be changed from \$3,631,404 to \$3,632,400;

On Page 1081, line 19, Employees Retirement System, amount remaining under heading "By Retirement System Tax Rate" should be changed from \$25,524,682 to \$25,524,125.)

On Page 5 of the Supplemental Budget Recommendations, under Recreation and Park, Index 651, Sheet 2, Line 5, Rental of Candlestick Park, the figure is now shown as \$10,000 (not to be expended without hearing by Finance Committee to determine propriety of expenditure).

The foregoing recommendation should be changed to \$20,000, without condition.

The correction is necessitated by advice received from Controller Cooper and Deputy City Attorney Kenealey subsequent to reproduction of the recommendations to the effect that the \$20,000, which represents payment of legal fees resulting from the suit filed by the San Francisco Giants in connection with the Stadium Operator Admission Tax, must be appropriated in order to avoid a default in the contract of Stadium, Inc., for rental of Candlestick Park.

### **Budget Statement of Supervisor Dorothy von Beroldingen On Behalf of Finance Committee**

The Finance Committee presents to the Board of Supervisors today the proposed annual budget of the City and County of San Francisco for the fiscal year 1971-1972.

Two itemized lists of Finance Committee recommendations, (1) budget, and (2) supplemental budget, have been furnished Board members. Those lists, together with Volumes I and II of the budget, and the volume of supplemental budget requests, constitute a comprehensive budget report.

The San Francisco Unified School District's and the San Francisco Community College District's tentative annual budgets are not included with the City and County figures. All statistics herein have been compiled or adjusted to reflect the absence of those Districts' data.

Salient total budget figures for comparative purposes are as follows:

1970-71 budget	\$514,329,112
1971-72 departmental requests*	624,162,155
1971-72 Mayor's recommendations	556,159,601
1971-72 Finance Committee recommendations	547,528,244

\*(Exclusive of Charter Sec. 151 salary standardization.)

The amount of support for the annual budget from ad valorem taxes cannot be known or estimated prior to September 1971, when the assessment roll together with surpluses, subventions, grants, and various revenue and expenditure adjustments can be ascertained with precision by the Controller.

### **Specific Items and Categories:**

Some of the budgetary items and appropriation categories of major or special interest merit brief comments concerning Finance Committee action:

### **Art Commission:**

Page 25, Line 7, Neighborhood Arts Program and Supporting Services. The Mayor and the Committee approve a total of \$50,000, which is \$15,000 more than the current appropriation. Commission President Zellerbach made a special plea for the \$50,000, which is this year's level of expenditure from the budget appropriation, hotel tax revenue and several foundation grants. It was represented that the continuing level of private support cannot be maintained.

**Controller—Data Processing Center:**

Page 79. The Committee has particularly noted the growth of expenditures for this program over a five-year period:

1967-68 —	\$2,635,749
1968-69 —	3,976,869
1969-70 —	4,476,545
(budg.) 1970-71 —	5,662,426
(budg.) 1971-72 —	5,709,115 (recommended by Mayor)

Continuing efforts are being exerted by the Committee to develop more economical methods of data processing, in view of the large tax commitments for current costs including permanent and temporary salaries, contractual services, personnel recruitment and training, office space, equipment procurement, materials and supplies.

**Fire Department:**

Page 109, Line 16, 21. Three new positions of Fireman and one of Lieutenant have been added to accommodate the change in weekly work hours from 49.7 to 48.7.

**Mayor:**

Page 137, Line 12. A new position of Director of Aging has been included by the Mayor. Salary is \$13,596 per annum. Funds formerly were furnished by the Federal Government, which is discontinuing its grant. Additionally, a secretary is requested by the Mayor, at \$6,870 per annum (Page 140, Line 4) for the same reason.

Page 143, Line 16, Special Assistance Program and City Financed Relocation. The Mayor requests a total of \$158,234, an increase of \$33,760.

Page 143, Line 19, Charter Revision Committee. A total of \$15,000 is recommended by the Committee which, with \$73,000 remaining in the current appropriation, will adequately fund the Committee's activities.

**Police Department:**

Pages 166, 167. Recommendations include new positions of 8 Inspectors, 15 Junior Inspectors, 3 Lieutenants and 4 Captains, with a deletion of 23 Policemen and 5 Fingerprint Classifiers (Page 170, Line 16).

Page 177, Line 4, Police uniforms entail a total of \$384,000, a \$99,000 increase.

**Social Services Department:**

It is noted that the budget as approved by the Mayor totals \$119,461,626. The Committee has reduced the General Assistance item (100% County-funded), Page 212, Line 19, from \$6,000,000 to \$5,584,000, based upon average payments authorized in other counties of the State. To administer aid within the recommended figure, the Social Services Commission will be required to alter its regulations accordingly. Otherwise, this department's budget has not been changed substantially.

**Public Works, Water Pollution Control, Sewer Repair Division:**

Page 547, Line 19. Innovative plans have been instituted to finance sewer repairs attributable to storm drainage maintenance (as distin-

guished from side sewer sanitary functions) out of gas tax revenues, thereby reducing ad valorem taxes. The City has a combined sanitary and storm sewer system and 50% of the cost for the maintenance of this system may be funded from gas tax revenues exclusive of items in the budget for sanitary sewer purposes.

Total budget	\$1,797,698
Plus Retirement and Security	221,508
	<hr/>
Total adjusted budget	\$2,019,206
Less amount not applicable because wholly associated with sanitary functions:	
Permanent Salaries:	
1—5132 Superintendent	\$26,384
1—7246 Sewer Repair General Foreman	19,131
Retirement and Social Security for above positions	6,036
Side Sewer installations	50,000
	<hr/>
Total expenditures not applicable to storm drainage maintenance	—101,551
	<hr/>
Amount budgeted for all sewer purposes except those wholly associated with sanitary functions	\$1,917,655
Less estimated surpluses to accumulate in 1971-72, and possible items to be denied by State as improper gas tax charges	—117,655
	<hr/>
Total adjusted balance for partial allocation to gas tax	\$1,800,000
50% applicable to storm drainage maintenance (transferred from Road Fund, General Maintenance, Index 684, to Public Works, Sewer Repair, Index 429)	<u>\$ 900,000</u>

#### Public Works, Street Cleaning:

Page 155. The total budget for street cleaning, including the supplemental budget as submitted by the Mayor, was fully funded from gas tax revenues and other sources such as Off Street Parking and Sewage Treatment Plant Landscaping, instead of ad valorem taxes.

The Controller reported that certain functions as performed by the Street Cleaning Department are not related to street purposes after they had been incorrectly funded from gas taxes. The Finance Committee concurred in the necessary restoration of gas tax charges, and recommended the following adjustments in order to maintain these necessary services funded by ad valorem taxes rather than gas taxes:

All gardening positions assigned for maintenance of our institutions (S.F. General Hospital, Laguna Honda, Hassler) not eligible for charge to gas taxes:	
Total Salaries and Wages	\$137,891
Weed abatement and clean-up of dedicated but unimproved streets	90,803

Contingency for special clean-up not related to street maintenance	35,866
Retirement and Social Security for above	35,440
	<hr/>
Total adjustment to be funded from ad valorem taxes (reduction of total amount to be funded from gas taxes, and, conversely, increase in ad valorem tax requirements)	<u>\$300,000</u>

### **Public Works, Capital Improvements:**

The Committee recommends approval of the following items, deleted by the Mayor, because of their subsequently-disclosed urgent nature:

Page 565, Line 6, Fire Protection Work, Yerba Buena Redevelopment Area D-1, \$340,000.

Page 565, Line 14, Hall of Justice Parking Area, Security Traffic Control, \$22,300.

Page 567, Line 25, Fire and Police Alarms in Underground Districts, Various Locations, \$100,000.

### **Public Health, Hassler Hospital:**

Page 681. This facility, with a total budget of \$2,176,386, was the subject of a recommendation by the Director of Public Health on April 24, 1971, that a study of its future use or disposition be made, with the possibility that patients can be absorbed into other public facilities. The Director will be requested to initiate a preliminary report.

### **Public Health, S. F. General Hospital:**

Page 719, et seq. Of 54 new employments approved by the Mayor, 46 are recommended by the Committee. They include 16 Ward Clerks to relieve nursing personnel of clerical functions and provide greater patient care, 7 Institutional Policemen and 2 Institutional Sergeants to afford better protection for persons and property, and 8 Registered Nurses for Outpatient Department Expansion with night and weekend coverage.

### **Public Health, Community Mental Health Services:**

Page 577, et seq. Sporadically, the Committee is assailed with unwarranted charges that San Francisco has not been sufficiently sensitive to its mental health program. In that regard, the Committee notes that the program's actual expenditures during the year 1968-69 were \$4,163,581. The budget and supplemental budget request submitted by the Mayor for 1971-72 totals \$18,466,993.

The Mayor recommended approval of 643 positions, including 7 new ones and 636 continuing ones. The Committee, with the concurrence of the Director of Public Health and the Program Chief, Community Mental Health Services, recommends approval of 579 positions, including 7 new ones and 572 continuing ones, or a net reduction of 64 positions.

The new Methadone Maintenance Program as submitted by the Mayor (Supplemental, Index 581) totals \$1,515,949.

**Recreation and Park:**

Page 934, Line 20, Concerts, Park Band. The Committee recommends reduction from \$52,000 to \$26,000 with the understanding that the Publicity and Advertising Fund will assume payment of the remaining \$26,000, as it has done this year.

Page 936, Line 5, 7; Page 942, Line 21; Page 967, Line 3, Candlestick Park expenses totalling \$122,800. This amount has been deleted, and payment will be made from the admission ticket surcharge.

**Special Gas Tax Street Improvement Fund, General Maintenance:**

Page 987, Line 2. The Mayor approved a budget increase in this item to transfer funds to support street repair in an amount of \$1,404,779 to take advantage of Assembly Bill 1904, Chapter 1278, which permitted an expanded use of gas taxes for maintenance instead of construction. The City and County of San Francisco has a large balance of construction funds but could use more maintenance funds. Prior to passage of this Bill, only 60% of Street and Highway Code Section 2107 gas tax money could be used for maintenance, but after November 23, 1970, 100% of this subvention from gas tax funds may be used for any street purpose.

**Special Gas Tax Street Improvement Fund, 1.04 Cent Funds:**

Page 991; Supplemental Index 674. The Mayor approved a new item in this budget for Maintenance—Street Cleaning, in an amount of \$2,313,737 including the supplemental budget. This represented 50% of the unfunded budget of street cleaning to reduce the ad valorem tax. The Committee recommends an adjustment to one-third, instead of one-half, to fund adequately the select street system mileage in the City. The remaining two-thirds will be funded from the Road Fund.

**Road Commissioner, Road Fund, General Maintenance:**

Pages: 1019, 1021, 1022. Funding from gas taxes to support the following departments and thus reduce ad valorem taxes:

Street Cleaning	\$2,874,982
Sewer Repair	900,000
Street Lighting	982,233

Total Reduction in Ad Valorem Taxes	<u>\$4,757,215</u>
-------------------------------------	--------------------

**Municipal Railway Operating:**

Page 1129. Aside from minor supplemental requests, the total operating budget as received from the Mayor was \$43,129,403, a reduction of \$1,239,587 from last year's budget.

Additionally, the Committee received from the Public Utilities Commission an undertaking to transfer \$3,250,000 in surplus Water Department funds, to further reduce ad valorem tax requirements of the deficit Municipal Railway budget.

**S. F. Water Department:**

Page 1181, Line 1, Electronic Data Processing. This item, totalling \$529,526, an increase of \$214,526, is one which the Committee considers a wasteful duplication of services available in the Controller's E.D.P. complex. It suggests that the Controller submit a full report and recommendation on possible consolidation prior to May, 1972.

**Personnel, Generally:**

New employees requested by departments	1263
Net additional positions recommended by Mayor	29
Net additional positions recommended by Committee	—66

**Annual Appropriation Ordinance—Administrative Provisions:**

The Controller has proposed the following described amendments to the administrative provisions, and the Committee recommends approval:

(1) A new section, 2.1, necessary to provide authorization to reimburse the Port Commission for the cost of the employer's share of the fringe benefits for employees promoted from the Port Commission to other City departments under the State Retirement System.

(2) An addition to Section 4-B which will appropriate specified revenues for disbursement by the Controller from the Industrial Waste Fund and the Lake Merced Fish Restocking Fund.

(3) An amendment to Section 5 which will permit use of bond interest and redemption reserve to meet cost of bond rating services previously supplied by rating houses free of charge.

(4) A new section, 11.9.1, which will appropriate restrictive Candlestick Park revenue to support rental payment and maintenance and operating expenditures for Candlestick Park. This will permit deletion of \$122,800 in budget items now funded out of the ad valorem tax.

**Annual Salary Ordinance—Administrative Provisions:**

The Civil Service Commission has proposed amendments to the administrative provisions, and the Committee recommends approval, as follows:

(1) Amending Section 1.34, Maximum Rate for Part-Time Service, from \$233 per month to \$242 per month.

(2) Section 1.35, Charges and Deductions for Maintenance. The Controller has furnished cost data relative to charges levied for accommodations, services and facilities furnished to employees in various departments. No changes of 1970-71 charges are recommended, except to increase the rate per person per day at the O'Shaughnessy Guest Cottage from \$25 to \$26, and the San Francisco Hospital unit cost for laundry per biweekly period from \$2.53 to \$2.60.

**Acknowledgments:**

The Finance Committee commends and thanks Controller Nathan B. Cooper, his budget assistants, David Fong and Stanley Koo, and their staff for valued assistance.

**Board Action:**

In order that all the members of the Board may have an opportunity to consider in complete detail the Committee's recommended changes in relation to the entire budget, the Committee has completed its review of the budget as much before adoption as was possible in view of the numerous meetings required. The Charter provides that the Board shall adopt the budget not earlier than May 15. The Budgetary Procedure Ordinance declares that the budget may not be adopted later than May 21.

On the regular Board meeting date of May 17, I will move that the budget, as amended by the Board in accordance with the Committee's recommendations, be adopted.

**Conclusion:**

The members of the Finance Committee (my colleagues are Supervisor Terry A. Francois and Supervisor Robert H. Mendelsohn) submit their recommendations to the Board with unanimity.

All members of the Board were cordially invited to attend the Finance Committee's departmental hearings and executive sessions, and to favor the Committee with any suggestions they might have to offer. The Committee welcomed those who found it possible to attend, and the comments of all who submitted them.

The Committee's various recommendations for extra-budgetary action to be taken concurrently with adoption of the budget, as set forth in preceding pages, are commended to the Board's attention. In the absence of contrary directives from the Board, the Committee will proceed further as recommended herein.

**Referred to Committee.****Liability of City and County for payment of fees for attorneys hired by nonprofit corporations formed for public purposes.**

Supervisor Francois referred to the correction of the item on Page 5 of the Supplemental Budget recommendations for Recreation and Park, Index 651, Sheet 2, Line 5, Rental of Candlestick Park, regarding which the Finance Committee had been informed that the City and County must appropriate the full amount of \$20,000 or be in default in the contract of Stadium, Inc.

The following recommendation of Planning and Development Committee, heretofore considered, was taken up:

**Adopting Zoning Map amendment, changing use classification of specified property located in the area generally bounded by the mid-block of Eighteenth and Nineteenth Avenues, Lake Street, the mid-block of Twenty-second and Twenty-third Avenues, and by a line running 100 to 120 feet north of California Street from R-3 to R-2 District.**

File No. 36-71-3, Ordinance No.

(May 10, 1971—Consideration continued to May 17, 1971.)

**Failed.**

**Motion to Grant Privilege of the Floor.**

Supervisor Barbagelata moved that the privilege of the floor be granted to all present desiring to address the Board on subject proposal. On objection of Supervisor Francois, motion failed.

In response to a question of Supervisor Gonzales as to the possibility of excluding from the proposal those parcels which are in the process of being sold under probate procedures, Deputy City Attorney Kenealey advised that any amendment would necessitate rereferral to City Planning Commission.

In response to questions by Supervisor Barbagelata, Mr. Samuel Duca of the Assessor's Office discussed the effect of zoning on property valuation.

There being no objection, on motion of Supervisor Barbagelata, the privilege of the floor was granted to Mr. Richard Hyman to testify as an expert real property appraiser.

**Refused Adoption.**

**Motion to Refer to Committee.**

Supervisor Barbagelata, seconded by Supervisor Driscoll, moved rereferral to Planning and Development Committee for further consideration and possible compromise.

*Motion refused adoption by the following vote:*

Ayes: Supervisor Barbagelata, Driscoll, Tamaras, von Beroldingen—4.

Noes: Supervisors Boas, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi—7.

**Withdrawn.**

**Motion to Postpone Operative Date.**

Supervisor Gonzales, seconded by Supervisor Mailliard, moved that an operative date be inserted in the legislation, making the operative date thirty days after the effective date.

Deputy City Attorney Kenealey advised that proposed amendment would not permit issuance of building permit in the area unless the building proposed to be constructed conformed to the zoning proposed for that site.

Supervisor Gonzales thereupon withdrew his motion to postpone the operative date.

*Passed for second reading by the following vote:*

Ayes: Supervisors Boas, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi—7.

Noes: Supervisors Barbagelata, Driscoll, Tamaras, von Beroldingen—4.

**Substitute Resolution Adopted.**

There being no objection, on request of Supervisor Pelosi, the following from Planning and Development Committee without recommendation and called out of Planning and Development Committee by Supervisor Driscoll, respectively, heretofore considered, were considered as one item:

**Calling upon appropriate City departments and agencies to submit advices relative to the development of the Northern Waterfront; requesting Mayor to appoint a Citizens' Northern Waterfront Advisory Committee.**

File No. 490-69-1, Resolution No.

**Requesting preparation of a waterfront master plan.**

File No. 52-71-2, Resolution No.

(On May 10, 1971, Supervisor Pelosi, seconded by Supervisor Gonzales, moved amendment of File No. 490-69-1, as follows:

(Paragraph 4, line 1, after "calls upon" add "(1)"; line 2, after "public bodies" delete ", (1)"; line 5, after "costs of such means, and (2)" delete "to make a finding concerning the practicality and feasibility of using" and add "the San Francisco Redevelopment Agency to advise the City Planning Commission and the Board of Supervisors concerning the use of";

(After paragraph 4, add a new paragraph reading "FURTHER RESOLVED, That the Board of Supervisors requests the San Francisco Redevelopment Agency to seek funds from the Federal Department of Housing and Urban Development to determine the feasibility of preparing and carrying out a renewal program for the Northern Waterfront; and be it".)

(Board took no action on motion to amend because of adoption of subsequent motions continuing consideration of File 490-69-1 and 52-71-2 to May 17, 1971.)

**Withdrawn. (See infra.)**

**Motion to Adopt Substitute Resolution.**

Supervisor Pelosi presented a substitute, composite resolution as an amendment of the whole of Files 490-69-1 and 52-71-2 (See File 52-71-2), entitled "Calling upon appropriate City Departments and Agencies to submit advices relative to the development of the Northern Waterfront; requesting preparation of a Waterfront Master Plan; and requesting the Mayor to appoint a Citizens' Northern Waterfront Advisory Committee."

Supervisor Pelosi, seconded by Supervisor Feinstein, moved adoption.

**Withdrawn. (See infra.)**

**Motion to Amend Proposed Substitute Resolution.**

Supervisor Feinstein presented a substitute, composite resolution as an amendment of the whole of Supervisor Pelosi's substitute, com-

posite resolution, entitled "Requesting Preparation of Waterfront Master Plan."

Supervisor Feinstein, seconded by Supervisor Pelosi, moved adoption.

Supervisor Mendelsohn proposed an amendment of Supervisor Feinstein's substitute resolution to include a paragraph calling for a finding concerning the practicality and feasibility of using federal urban renewal funds under the powers granted by the State Redevelopment Act.

The Clerk advised that there is presently one amendment (Supervisor Pelosi's composite resolution) pending and one amendment of that amendment (Supervisor Feinstein's composite resolution) pending; therefore no further amendments can be entertained at this time.

### **Refused Adoption.**

#### **Motion to Refer to Committee.**

Supervisor Tamaras, seconded by Supervisor Francois, moved referral to Finance Committee for a determination of how much the proposed studies will cost the taxpayers.

In response to a question by Supervisor Francois, City Planning Director Jacobs advised that on the assumption that the department will use material already compiled in making its study and assuming that the Board of Supervisors does not intend to appropriate additional funds for the purpose, the Department will do what is requested of it within its present budget and with existing staff. Mr. Jacobs added that the foregoing statement excepts any publication of the study upon its completion.

In response to a question by Supervisor Francois, Port Director Miriam E. Wolff stated a regional analysis of shipping and shipping needs is a very complex thing. The Port has assumed it would do this "in house" at a probable cost of \$50,000 to \$100,000. The job would be much easier without the requirement of a regional analysis. The Port now has some information relative to San Francisco's needs and reasonable expectations. Miss Wolff said that if the Port can use the reports it already has for making projections of future needs, it can be done without additional cost; however, if new studies must be made, it will be very expensive.

*Motion to refer to Committee refused adoption by the following vote:*

Ayes: Supervisor Boas—1.

Noes: Supervisors Barbagelata, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

### **Adopted.**

#### **Substitute Resolution.**

At this point, Supervisor Feinstein withdrew her pending substitute, composite resolution and presented the following new, substitute, composite resolution as an amendment of the whole of Supervisor Pelosi's substitute, composite resolution:

**Requesting preparation of a waterfront master plan.**

File No. 52-71-2, Resolution No. 278-71.

Supervisor Feinstein explained that she had deleted from her original substitute resolution the request for a "report on a regional analysis" and the phrase "using those mechanisms for joint study as may be available, such as joint powers agreement;"

Supervisor Pelosi thereupon withdrew his proposed substitute, composite resolution.

**Refused Adoption.****Motions to Amend.**

Suervisor Pelosi, seconded by Supervisor Mendelsohn, moved amendment of Supervisor Feinstein's pending substitute resolution as follows: Page 1, Line 28, ADD "Resolved, that this Board of Supervisors calls upon the City Planning Commission, in full collaboration with the Port Commission and after consultation with appropriate private and public bodies, to make a finding concerning the practicality and feasibility of using Federal Urban Renewal funds under the powers granted by the State Redevelopment Act in the proper development of the Northern Waterfront; and be it".

*Motion to amend refused adoption by the following vote:*

Ayes: Supervisors Gonzales, Mendelsohn, Pelosi—3.

Noes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Mailliard, Tamaras, von Beroldingen—8.

Supervisor Pelosi, seconded by Supervisor Boas, moved amendment of Supervisor Feinstein's pending substitute resolution as follows: Add a final paragraph reading, "Further Resolved, That his Honor, the Mayor, be and he is hereby requested to appoint a Citizens' Northern Waterfront Advisory Committee of twenty-one members, eleven of whom shall be appointed by the Mayor after nomination by the Board of Supervisors and ten of whom shall be appointed by the Mayor, said committee to be charged with studying and evaluating the various plans and proposals for the use and development of the Northern Waterfront area for the purpose of advising the Mayor and the Board of Supervisors with respect to such plans and proposals."

*Motion to amend refused adoption by the following vote:*

Noes: Supervisors Barbagelata, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—9.

*Substitute resolution adopted by the following vote:*

Supervisor Francois, seconded by Supervisor Mendelsohn, moved that a date of November 1, 1971, be inserted for termination of the conditional use and that the condition requiring the planting of trees (as shown in City Planning Commission Resolution No. 6704 as "Said auto sales lot shall be developed in conformity with plans to be developed in consultation with the Department of City Planning containing the following elements: a. The Clerk directed the Board's attention to the fact that in transcribing the Public Utilities Commission's resolution, in the last resolved paragraph reference is made to abandonment inbound on Broderick Street between Stanyan and Cole Streets. The error was perpetuated in publication of the Board of Supervisors' resolution. It should have referred to the abandonment of service inbound on Frederick Street between Stanyan and Cole Streets.

Supervisor Feinstein referred to File No. 333-71, pending in Committee, demand of Victor Honig that the City and County comply with the provisions of Charter Section 98(4), requiring that residents of San Francisco be employed on public works contracts.

Supervisor Feinstein requested that the Committee seek testimony on the following: (a) How Charter Section 98(4) is currently being implemented by concerned City departments; (b) On what criteria waivers are granted; (c) If additional language is required to insure that San Francisco residents are employed on these contracts.

Supervisor Feinstein also presented a copy of a communication from the Human Rights Commission, transmitting work force reports submitted by general contractors and subcontractors in three City-funded projects, showing place of residence.

**Requesting the subpoenaing of witnesses, where necessary, to receive testimony, point-by-point, on the recommendations of the San Francisco Committee on Crime relative to the Police Department.**

In response to questions by Supervisor Feinstein, Deputy City Attorney Stark advised that in his opinion the Fire, Safety and Police Committee of the Board has the power to require persons to attend and answer questions of the Committee relative to the Reports I and II of the San Francisco Committee on Crime on the San Francisco Police Department and that the Board of Supervisors has the power of subpoena to compel attendance.

Supervisor Feinstein stated that the Charter amendments which would be required to implement certain recommendations of the San Francisco Committee on Crime are being prepared. She asked that the Fire, Safety and Police Committee of the Board use its powers of subpoena, where necessary, to require the attendance of members of the Police Department, Police Commission, and the Crime Committee to respond point by point to the 105 recommendations contained in the reports.

In response to a question by Supervisor Pelosi, Deputy City Attorney Stark clarified that the Board's power of subpoena could only be exercised after affirmative action on a motion to order the issuance thereof by a majority of the members of the Board.

**Requesting enforcement in Western Addition Redevelopment Project A-2 Area of laws against prostitution.**

Supervisor Francois referred to a communication received from the Officers for Justice in which that organization endorsed the action of the Ghetto Youth Movement in attempting to eliminate the open street prostitution existing in Western Addition Redevelopment Project Area A-2.

Supervisor Francois stated that for years prostitutes have openly solicited customers on the streets of that area. He said that he has made numerous requests that the Police Department act to eliminate these conditions, with no results; the people of the community do not believe such a situation would be permitted to exist in any other district of the City; and its existence in the Western Addition contributes to the loss of confidence in government.

Supervisor Francois, joined by Supervisors Feinstein, von Beroldingen, Tamaras, and Driscoll, requested that a communication be directed to the Police Department, asking that they give the problem of prostitution in Western Addition Area A-2 top priority and do all possible to discourage this activity, including harassing customers, charging and prosecuting them as parties to the offense, and cracking down on pimps and panderers.

## Adopted.

The following presented by the Clerk, heretofore, considered, were taken up:

**Finding and determining need for additional units of housing for transient use in connection with the Yerba Buena Center Approved Redevelopment Project Area D-1.**

File No. 91-71-5, Resolution No. 406-71.

Supervisor von Beroldingen, seconded by Supervisor Driscoll, moved adoption.

At the invitation of the President, Mr. M. Justin Herman, Executive Director of the Redevelopment Agency, described what housing units are being provided downtown other than those which are referred to in the Calendar item, suitable for displaced persons from the Yerba Buena Center area.

Mr. Herman stated that in connection with the proposed new hotel, it is necessary to amend the redevelopment plan to allow hotel usage in any case. The agency has been asked what it is doing outside the project area to match the hotel usage within the area. The so-called matching facilities are not redevelopment plan items, but merely a response to the original action taken by this Board in April 1970 when the Board declared as City policy that such housing outside the redevelopment area shall be built in the City.

Mr. Herman continued that as far as the redevelopment plan is con-

cerned, the Agency is asking the Board of Supervisors to accept an independent survey on the basis of which there will be a legal foundation for placement of a hotel in the Yerba Buena area. The number of units is not mentioned in the plan. The survey makes the observation that at least 1000 units are desirable. The Agency is going down to 700 units but it is not putting any numbers in the plan. These are what the law defines as 700 transient housing units and the Agency therefore is talking about hotel units which will accommodate the Convention Center. Because of statutory requirements of the federal government, we must have a redevelopment plan change which permits hotel usage in the Yerba Buena area and that is part of the survey that has been sent to the Board of Supervisors.

Mr. Herman added that the question was what are we doing to match that number outside Yerba Buena. The answer to that particular question is that these particular items do not need to go into a redevelopment plan because they are not in the redevelopment plan area. Outside the area, new housing is being built even though all of the old housing in Yerba Buena is being torn out.

#### **Privilege of the Floor.**

There being no objection, Supervisor Driscoll, seconded by Supervisor Gonzales, moved the privilege of the floor to Mr. Lyman Gee and Mr. Richard Duffy, private developers working with the Redevelopment Agency, who described the low-cost housing projects which were being formulated in and around the Yerba Buena area.

Mr. John H. Tolan, Jr., Deputy for Development, assured the Board that through adequate funding, the rent assistance program was available to the displaced persons.

#### **Privilege of the Floor.**

There being no objection, Supervisor Gonzales, seconded by Supervisor Driscoll, moved privilege of the floor to Mr. Sidney Wolinsky of the San Francisco Neighborhood Legal Assistance Foundation.

Mr. Wolinsky testified that neither Tenants and Owners in Opposition to Redevelopment nor any other group had an opportunity to confer with the Redevelopment Agency and was concerned as to how many people would be assured of acceptable relocation housing.

Supervisor Boas stated that, as anxious as he was to have the convention facility for the tourist business started, he was not sure that a first class hotel should be built until everything possible was done to protect the people now living in the area.

Supervisor Boas moved consideration be continued one week. Prior to recordation of a second, the following motion was offered.

Supervisor Mendelsohn, seconded by Supervisor Barbagelata, moved adoption of a substitute resolution stating that this Board go on record favoring construction or rehabilitation of a particular number of units in and around the Yerba Buena Center Project Area, and directing the Redevelopment Agency or others to implement as many units as may be necessary for relocatees.

After an explanation by Mr. Herman that the housing units de-

scribed were bonus units in addition to that required in the Court's order, Supervisor Francois announced that his reasoning for supporting a week's delay was eliminated and he was prepared to vote on the item.

Supervisor Mendelsohn stated that so the Board could move ahead without delay, he would withdraw his substitute resolution and reintroduce it on Roll Call. Supervisor Mendelsohn further stated his opposition to continuing the matter one week.

Supervisor Boas stated that he was still not satisfied with the plan, and thereupon repeated his pending motion for a week's delay. The President announced that there was no second to the motion.

*Thereupon the roll was called and the pending resolution was adopted by the following vote:*

File No. 361-71, Resolution No. 414-71.

Supervisor Barbagelata, seconded by Supervisor Driscoll, moved adoption.

Supervisor Barbagelata stated that he wanted to make it clear that this Board is not attempting to interfere with the Board of Education, that what he wanted to accomplish through his resolution was to memorialize the Board of Education to ask for a stay and appeal to the Court order.

#### **Motions to Amend.**

Supervisor Francois presented a proposed resolution bearing the same title as the legislation before the Board as an amendment of the whole.

Supervisor Francois, seconded by Supervisor von Beroldingen, moved adoption.

At the suggestion of Supervisor Barbagelata, Supervisor Francois agreed to delete the word "unnecessary" in the 2nd Whereas clause.

There being no objection, Supervisor Mailliard moved to strike the words "which is long overdue" in the 2nd Whereas clause so that the phrase would read "support for school desegregation ((which is long overdue)) in San Francisco." Supervisor Francois, as the author, accepted and incorporated the change.

#### **Motion to Recess.**

Supervisor Barbagelata, seconded by Supervisor Gonzales, moved that the Board recess for five minutes to discuss further proposed amendments.

#### **Motion to Take Up Out of Order.**

#### **Consideration Continued.**

There being no objection, Supervisor Francois, seconded by Supervisor Gonzales, moved to suspend the Rules to take up out of order the off-calendar recommendation of the State and National Affairs Committee, as follows:

**Supporting principle of equal protection for men and women under the law, endorsing HJR 208, SJR 8 and SJR 9 in principle on condition that appropriate amendments be adopted providing that existing labor standards shall not be destroyed; and rescinding Resolution No. 367-71.**

File No. 344-71-1, Resolution No.

Supervisor Gonzales moved to strike "HJR 208" from the title from the first Whereas clause, and from the Resolved clause.

Supervisor Gonzales stated that this puts the Board on record for equal rights for women. If this were passed without any amendment, all effective legislation on the books would be stricken; also it doesn't extend these rights to men. The amendment should also carry an amendment to protect the laws which labor unions fought so hard to obtain.

At the request of the President, Supervisor Tamaras assumed the Chair in order that the President might participate in the debate from the floor.

Supervisor Feinstein stated that the overwhelming portion of the testimony during the public hearing was directed to protective labor legislation. What the Committee did not go into at all is that the equal rights amendment is much broader. It speaks of women's rights, minors' rights, the rights to property, the right to a job. There is no question that 2½ million men in labor should be protected by the Industrial Welfare Commission orders. Approval of AB 1547 extends these rights to men. It is a very important symbol to women and should not be confused. Supervisor Feinstein declared that she supports this and all protective labor laws for women. She wished all those who want equal rights to see that women are covered with the equal rights amendment. It is up to the labor unions to organize the women. What women are saying is that we have reached a new day when protective labor legislation is being stricken from the books; that we have reached the day when we must go on to something else, such as adequate trade unions and the ability of women to rise in the world with equally administered laws. Supervisor Feinstein's concern was that this Board go on record as supporting the equal rights amendment and that it equally protect working women and men.

#### **Refused.**

#### **Privilege of the Floor.**

Supervisor Feinstein requested that the Rules be suspended and that the privilege of the floor be extended to Mrs. Aileen Hernandez, Chairman of NOW.

Upon the objection of Supervisor Barbagelata, the privilege of the floor was refused.

Supervisor Pelosi suggested that Supervisor Feinstein amend the proposed legislation.

Stating that the importance of this subject required more time, Supervisor Feinstein, seconded by Supervisor Francois, moved that consideration be continued one week.

The following called out of Legislative and Personnel Committee by Supervisor Gonzales was taken up:

**Request for draft of proposed Charter amendment to limit campaign expenditures and activities for supervisorial candidates.**

File No. 369-70-1.

(May 17, 1971: Request made by Supervisor Gonzales that City Attorney draft for subsequent introduction a proposed charter amendment.

May 26, 1971: City Attorney's letter to Clerk, noting City's lack of power to enact such a charter amendment, referred to Legislative and Personnel Committee.

June 2, 1971: At direction of Supervisor Gonzales, City Attorney again requested to draft charter amendment, with severability clause.

August 2, 1971: Matter called out of committee.

(Note: No charter amendment has been introduced to date for reference to committee, public hearing and other requisite processing.)

The Chair stated that the City Attorney has advised that subject matter is beyond municipal jurisdiction.

At the request of the Chair, the Clerk review the history of the matter. He stated that even if a proposed Charter amendment were before the Legislative and Personnel Committee, it would have had to be referred to one or more agencies for estimates of possible cost and other matters. That has not been done on the assumption that a draft and text suitable for reference has not yet been forthcoming. The Clerk added that under the circumstances he believed the Charter would prevent the Committee from going forward with a recommendation and the Board from going forward with an order of submission to the voters.

Supervisor Gonzales, seconded by Supervisor Barbagelata, moved that consideration be continued to August 16, 1971.

**Consideration Continued.**

The following recommendation of Finance Committee, appearing on the Calendar under Unfinished Business, heretofore considered and temporarily postponed, was taken up:

**Amending the Public Works Code by adding Article 4.2 thereto, establishing a sewer service charge for use of the sewer system of the City and County; providing for the administration and collection thereof; establishing a sewer service fund and specifying the purposes thereof; to become operative on September 1, 1971.**

File No. 282-70, Ordinance No.

Supervisor Barbagelata presented statistics to show that the subject proposal will cost the average home-owner more than it would cost him if the total amount to be raised were to come from ad valorem taxes.

**Adopted.**

**Motion to Continue Consideration.**

Supervisor Tamaras, seconded by Supervisor Mailliard, moved that consideration be continued to August 16, 1971.

**Adopted.**

**Motion directing study and report of effect of subject sewer service charge.**

After discussion of the need for further information relative to the anticipated effect of subject sewer charge, Supervisor Boas, seconded by Supervisor Gonzales, moved that the Budget Analyst of the Board of Supervisors be directed to conduct a study of the effect of the proposed sewer service charge on certain residential and commercial properties as compared with the increase in taxes which would result if the required \$13.6 million were to be raised by ad valorem tax and that a report in writing on the result of said study be distributed to Board members with next Monday's Calendar of Matters on Friday, August 13, 1971.

Supervisor Barbagelata suggested that in the conduct of said study, a random sampling be taken of some 600 to 800 homes, 10 office buildings, and 5 flats throughout the City.

Supervisor Mailliard suggested that the required \$13.6 million which has been mentioned as the total to be collected in any one year from the sewer service charge might be raised partly by the proposed charge and partly by an increase in ad valorem taxes. He requested that the Budget Analyst consider such an alternate possibility and comment thereon in his report.

The roll was called and the following Supervisors were noted present:

Quorum present.

President Feinstein presiding.

## APPROVAL OF JOURNAL.

There being no errors, corrections, or omissions, the Journal of Proceedings for the meeting of Monday, July 19, 1971, was considered read and approved.

## Unfinished Business.

### Postponed Temporarily.

The following presented by the Clerk, heretofore considered, was taken up:

**Disapproving decision of the City Planning Commission denying application for a conditional use for automobile dismantling yards in the South Bayshore area.**

File No. 93-71-10, Resolution No.

(Appeal filed June 30, 1971.

(At Board meeting of August 2, 1971, Supervisor Driscoll, seconded by Supervisor Barbagelata, moved an amendment of the whole.

(Subsequently, it was duly moved, seconded and unanimously adopted that consideration of the subject matter, including the amendment of the whole, be continued to August 9, 1971.

(August 9, 1971—Consideration continued to August 16, 1971.)

The Clerk presented a communication from his Honor, the Mayor, advising that he has requested the auto dismantlers to withdraw their appeal from the decision of the City Planning Commission with the understanding that the withdrawal will not prejudice their legal position or constitute a waiver of any rights.

Noted and ordered filed.

Supervisor Driscoll explained discussions he has had with representatives of the auto dismantlers and described another site which may become available to them.

**Withdrawn.**

**Motion to Amend Whole.**

Supervisor Driscoll thereupon withdrew his pending proposed amendment of the whole.

In response to a question by Supervisor Barbagelata, R. Spencer Steele, Zoning Administrator, advised that an application cannot be entertained by the City Planning Commission within a period of one year unless it is substantially different.

Supervisor Barbagelata asked if Mr. Steele believed that the intention, as explained by the Mayor in his communication to the Board under date of August 16, 1971, to file a new application with the Planning Commission for a conditional use permit in the South Basin site would be permitted to be considered by the City Planning Commission within one year.

Mr. Steele replied that he did not believe such an application could be considered within one year since it proposes a baffle treatment for screening purposes and does not represent a change in area or other type of change. Mr. Steele pointed out that the decision would be that of the City Planning Commission but that he would recommend that such an application would not be a substantial change from that denied by the Commission on June 3, 1971.

In response to a comment by the Chair, Mr. Steele confirmed that a change in proposed site would definitely be a substantial change, in his opinion.

In response to an inquiry by the President, Mr. Harold Cutler, Attorney for appellants, stated that the Mayor's letter was prepared with the understanding that a commitment had been obtained that this was a significant change.

He said that his clients concur with the Mayor's request with the understanding that the Redevelopment Agency also concurs. The President responded that Mr. William Keller, Area Director, Hunters Point-India Basin Project, Redevelopment Agency, had said that the Redevelopment Agency does concur.

Mr. John Tolan of the Mayor's Office stated that there have been discussions about baffles to screen the operation from view, that it may be necessary to modify the proposal and that he will discuss the matter with the Zoning Administrator at a later time.

Supervisor Driscoll asked if the Board must act on subject proposal at this time, in view of applicant's willingness to withdraw.

Deputy City Attorney Stark requested some time to permit his office to consider Supervisor Driscoll's question.

Supervisor Barbagelata, seconded by Supervisor Gonzales, moved that consideration be temporarily postponed.

There being no objection, on motion of Supervisor Pelosi, the privilege of the floor was granted Mr. Harold D. Madison, President of the Shafter Avenue Community Club, who urged that the Board act today to uphold the decision of the City Planning Commission.

No objection; motion adopted.

**Passed for Second Reading as Amended.**

The following recommendations of Finance Committee, heretofore considered, were taken up:

**Amending the Public Works Code by adding Article 4.2 thereto, establishing a sewer services charge for use of the sewer system of the City and County; providing for the administration and collection thereof; establishing a sewer service fund and specifying the purposes thereof; to become operative on September 1, 1971.**

File No. 282-70, Ordinance No.

(August 9, 1971—Consideration continued to August 16, 1971.)

Director of Public Works Tatarian advised that his department has considered the effect of reducing the charge on one-, two-, and three-family residences by about fifteen percent by taking into account the amount of water presumed to be used for irrigation purposes. This would thus reduce what the Department has called "transport charges" from approximately fifteen dollars per year to approximately ten dollars per year, or eighty-four cents per month. Use of this formula would mean that fifty-five percent of the City's home owners would pay less under a sewer service charge than they would if the total amount of funds to be raised were placed on their real property tax bills.

Mr. Tatarian presented for the record a copy of a telegram received from the Executive Officer of the State Water Resources Control Board in Sacramento stating that in his judgment the use of property taxes alone to finance pollution control facilities will not comply with State and Federal requirements.

Supervisor Barbagelata stated that he interprets the regulations to mean that it is not necessary to establish a sewer service charge except insofar as it would affect industrial users. He cited Section 2142 of Federal regulations.

In response to President Feinstein's suggestion that the service charge be prorated in accordance with the difference in meter size, Mr. Tatarian stated that his department could study the suggestion, but he felt it would not make any significant difference in the amount the small property owner would pay.

**Adopted.**

**Motion to Amend.**

Supervisor von Beroldingen, seconded by Supervisor Francois moved amendment as follows: Section 142(b), line 4, after "unit charge of either" DELETE "\$1.26" and ADD "\$ .84".

**Withdrawn.**

**Motion to Continue.**

Supervisor Boas, seconded by Supervisor Barbagelata, moved that consideration be continued to August 23, 1971.

There being no objection, on motion of Supervisor Tamaras, the privilege of the floor was granted Col. M. A. Fellhauer, representing the West of Twin Peaks Central Council, who urged that the welfare of home owners be considered.

In response to a question by Supervisor Boas, Harvey Rose, Budget Analyst for the Board of Supervisors, stated that he has reviewed the basis for the new computations by the Department of Public Works and has concluded that the basis is reasonable and that—assuming the computer did not make a mistake—the figures submitted are correct.

Supervisor Boas thereupon withdraw his motion to continue.

*Motion to amend adopted by the following vote:*

Ayes: Supervisors Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Barbagelata—1.

*Passed for second reading as amended by the following vote:*

Ayes: Supervisors Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Barbagelata—1.

**Tabled. Appeal Withdrawn.**

The following presented by the Clerk, heretofore considered and temporarily postponed, was taken up:

**Disapproving decision of the City Planning Commission denying application for a conditional use for automobile dismantling yards in the South Bayshore area.**

File No. 93-71-10, Resolution No.

Deputy City Attorney Stark stated that his office made a hurried research of the question of whether or not an appeal from a decision of the City Planning Commission might be withdrawn. He said that, in view of the fact there is nothing specific in the Charter or City Planning Code relative to the power of anyone to request withdrawal, and relying on the general rule the courts follow in allowing withdrawals, it is the opinion of the City Attorney that it would be within the discretion of the Board of Supervisors to grant a request that an appeal be withdrawn.

The Chair asked Mr. Harold Cutler, Attorney at Law, representing the appellants, if his clients requested that their appeal be withdrawn.

Mr. Cutler replied, "On the indicated concurrence of the Redevelopment Agency, yes."

Lacking any objection, the Chair thereupon ruled that the appeal had been withdrawn.

### Finally Passed.

File No. 114-71-2, Ordinance No. 213-71.

Supervisor Francois asked how subject legislation relates to the President's executive order freezing wages and prices effective immediately.

Deputy City Attorney Stark stated that, in view of the fact that the City has received no detailed regulations from Washington, and in view of the fact that the Charter imposes the requirement for action on or before August 25, the City Attorney recommends that the Board proceed to enact subject legislation at this time.

*Finally passed by the following vote:*

**Salary Standardization Ordinance for platform employees, bus operators and related trainee classes of the Municipal Railway; effective July 1, 1971.**

File No. 381-71, Ordinance No. 217-71.

Supervisor Barbagelata said that last week he had been under the impression that the Board was required to bring the salaries for platform employees of the Municipal Railway up to the level of the average of the two highest-paid such employees in the nation. He said he has since learned that there is no such requirement for Board action and that he feels a ten percent raise to be unreasonable; therefore, he will vote "no."

There being no objection, on motion of Supervisor Francois, the privilege of the floor was granted Mr. L. B. Delaney, President of the Transport Workers Union, Local 258, who urged approval.

File No. 344-71-1, Resolution No. 466-71.

(August 2, 1971—Consideration continued to August 16, 1971.)

Supervisor Boas stated that he is not inclined to vote in favor of subject proposal since the proposal would rescind the Board's support of the Equal Rights Amendment of the United States Constitution.

Supervisor Feinstein stated that she feels as Supervisor Boas does. She added that she would support the legislation if it were changed as follows: Change the title to say that the Board supports the principle of equal protection for men and women under the law, endorses SJR 8 and SJR 9, and supports extension of protective labor legislation to all workers. Add to the first resolved clause that the Board of Supervisors hereby records its support of the Equal Rights Amendment and supports extension of the California Industrial Wages and Hours Order to all workers of both sexes so that the desired aim of extending truly protective legislation to all workers may be achieved. ## UNFINISHED BUSINESS.

### Finally Passed.

The following recommendations of Finance Committee, heretofore considered, were taken up:

**Amending the Public Works Code by adding Article 4.2 thereto, establishing a sewer service charge for use of the sewer system of the City and County; providing for the administration and collection thereof; establishing a sewer service fund and specifying the purposes thereof; to become operative on September 1, 1971.**

File No. 282-70, Ordinance No. 212-71.

### Refused Adoption.

### Motion to Amend.

Supervisor Barbagelata, seconded by Supervisor Mailliard, moved

amendment as follows: Section 142(b), line 9, after "provided, however, that any user of" DELETE "a single, two or three unit" and ADD "any".

Supervisor Barbagelata explained that as presently worded the ordinance places too heavy a burden on owners of four or more units.

Supervisor Francois urged a "no" vote on the proposed amendment because amendment would require passage for second reading de novo which would mean that the Controller could not consider anticipated revenue in determining the tax rate for the coming year.

*Refused adoption* by the following vote:

Ayes: Supervisors Barbagelata, Driscoll, Mailliard—3.

Noes: Supervisors Boas, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, von Beroldingen—7.

Absent: Supervisor Tamaras—1.

*Finally passed* by the following vote:

Ayes: Supervisors Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, von Beroldingen—9.

**Amending the Annual Appropriation Ordinance to reflect revenue and expenditure appropriation adjustments necessary to meet requirements for fiscal year 1971-72 in accordance with salary standardization provisions of the Charter for the Police and Fire Departments and for platform employees and coach or bus operators of the Municipal Railway.**

File No. 201-71-11, Ordinance No. 216-71.

The Clerk presented a communication from the Mayor, suggesting that the Board finally pass subject legislation today to meet requirements of the Charter, with the understanding that it may be necessary

to ask the courts to make the decision as to the effect thereon of the President's recent Executive Order freezing wages and prices.

Deputy City Attorney James Stark stated that failure to act today would mean there would be no authority to make these salary payments after November 12, 1972, even in the event the payments cannot be paid during the ninety-day freeze period.

*Finally passed by the following vote:*

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, von Beroldingen—10.

(\$56,180,000 for improvement of public schools;  
34,000,000 for improvement of the harbor and its facilities;

Supervisor Barbagelata, seconded by Supervisor Gonzales, moved division of the question with respect to the proposed bond issue for the improvement of public schools.

Supervisor Boas introduced and welcomed Mr. Reilly.

Mr. Reilly presented to the Board his suggested program for tax reform at state and local levels, the main points of which are as follows:

The owners of non-income-producing real property should be permitted to deduct from their taxable income as reported to the State and Federal Governments:

- (a) The various charges and taxes levied upon them by local authorities;
- (b) Costs of repair and maintenance of real property;
- (c) Costs of higher education, up to \$1500 per youth.

Real property taxes should be imposed at different ratios: public utilities at 35% of market value, businesses at 25%, and residential property at 15%.

Additional income tax exemptions should be granted all individuals and all home-owners.

Retirement income and income of college students should not be taxable.

Taxes on non-income producing real property should be frozen for a period of at least five years.

In addition to the foregoing, Mr. Reilly proposed that counties should be relieved from the responsibility for funding higher education and that the State should assume this responsibility, that welfare costs should be assumed by the State, and that the exemption of insurance companies from taxation should be rescinded.

Supervisor Mendelsohn requested that subject matter be referred to committee with direction that the City Attorney, Civil Service Com-

mission, and the Clerk of the Board work together to determine how this might be accomplished and benefits provided immediately.

On behalf of Supervisor Barbagaleta, Supervisor Mailliard read the following question and answer from Stabilization Program Guidelines, Category 4, relative to the President's Order 11615 of August 15, 1971, stabilizing prices, rents, wages and salaries, sent to Supervisor Barbagaleta by the Deputy Regional Director, Office of Emergency Preparedness: "Q. Can the fees or charges which a State or local government charges for services provided by the governments be increased? A. No, fees for water, gas, sewer and similar services may not increase. But fees for licenses or legal penalties, such as traffic tickets may be increased."

Supervisor Mailliard asked if the Board can properly include anticipated revenue from the sewer service charge in the tax rate. Deputy City Attorney Stark replied that it is the City Attorney's position that the sewer service charge does not represent an increase in an existing charge. It is a new charge for service that has heretofore been rendered without cost to the public. He said he believed the City Attorney is on solid ground in advising that the charge is not affected by the President's freeze order.

**Statement on School Desegregation.**

Supervisor Francois called attention to the fact that next Monday will be an eventful day in the history of San Francisco, in that for the first time thousands of elementary school children will be bused out of their neighborhoods to schools in other districts in compliance with a court order that San Francisco shall desegregate its elementary schools. He commented on how well many southern cities have adjusted to changing times and the need to desegregate its schools. He expressed the hope that San Francisco will continue to deserve its reputation as one of the great, tolerant cities and that the voice of reason will prevail.

**Called Out of Committee.**

Supervisor Gonzales called from Cultural Affairs Committee the following and directed that it be placed on the Board Calendar of September 13, 1971:

**Urging Mayor and Recreation and Park Commission to consider and implement plans for gift of the sailing vessel "Gjoa" to the people of Norway for permanent preservation as a memorial to the memory of the late, renowned Norwegian polar explorer, Roald Amundsen.**

File No. 390-71.

Supervisor Gonzales announced that he planned to call a meeting of Cultural Affairs Committee next Monday, September 13, 1971, prior to the Board meeting to consider subject measure.

No objection; Clerk directed to comply.

**Request Granted.**

**Requesting investigation of feasibility of using proceeds from vacation of streets for job training.**

Supervisor Gonzales observed that he and other members of the Board have been concerned about unemployment in San Francisco. He said he felt employment in the construction trades is rather short-term, that white-collar employments would be a better long-term solution to the problem.

Supervisor Gonzales requested that a communication be directed to the City Attorney, asking whether or not the Board has the power to impound the proceeds from sale of public streets which are vacated and used for construction of office and commercial buildings, with such proceeds being used as local funds to match Federal or State contributions, or as sole funding, for the training of persons for employment in offices which will be established in those new buildings. Supervisor Gonzales asked that the City Attorney prepare appropriate legislation for his presentation to the Board, if such action is found to be permissible.

No objection; Clerk directed to comply.

**Request Granted.**

**Honoring the memory of M. Justin Herman.**

Supervisor Mendelsohn said he understands there is a movement to name an appropriate public facility in memory of M. Justin Herman, and that the Mayor has begun to appoint a committee to advise in this regard. Supervisor Mendelsohn said he strongly favors such a move and asked that a communication be directed to the Mayor, suggesting that Mr. Herman's family be kept informed and be involved in some way so that an appropriate monument to his memory can be developed.

**Report of hearings on charges of fiscal mismanagement of City and County offices.**

Supervisor von Beroldingen recalled to the Board's attention recent attacks by the Bay Guardian on a City and County department, implying mismanagement of funds and financing. She advised that the Finance Committee has held a public hearing on the charges, which indicated that the attack was not justified and stemmed primarily from a breakdown of communications.

Supervisor von Beroldingen announced that—in the interest of reaching a thorough understanding of the workings of the department in question—the Finance Committee has asked the Board's Budget Analyst to direct his attention to a management audit of the Treasurer's Office, in addition to which the Committee will hold a further hearing in order to allay certain misapprehensions and misconceptions which may have arisen.

**Adopted.**

**Motion that the Board award certificates of honor to the following:**

Kenneth M. Edwards (Supervisor Boas).

Michael Grimes (Supervisor Boas).

Donald G. Tucker (Supervisor Driscoll).

Supervisor Barbagelata urged that the sewer service charge not be imposed and that the amount proposed to be raised thereby be financed by means of ad valorem taxes. He said he felt the sewer service charge is inequitable and that the City and County at a later date could prepare a more equitable charge.

In response to a question by Supervisor Tamaras, Deputy City Attorney Stark advised that the Regional Director of the Office of Emergency Preparedness has informed the City Attorney by a communication dated September 11, 1971, that he has forwarded to the National Office of Emergency Preparedness San Francisco's request for reconsideration of his ruling that fees for water, gas, sewer and similar services may not be increased during the period of the presidential wage and price freeze order.

### Invitation

The Clerk announced that all members are invited to attend the swearing of Stanley E. Jensen as a reappointed member of the Redevelopment Agency in the Office of the Mayor on Wednesday, September 22, 1971, at 9:45 a.m.

### Ordered Submitted.

The Clerk presented the following from the Registrar of Voters:

**Initiative petition to amend the Charter by amending Sections 5, 49, and 134 to provide for a Board of Education elected at large.**

File No. 174-71-1

Supervisor Barbagelata, seconded by Supervisor Mailliard, moved that the proposed measure be referred to the Registrar of Voters for submission to the voters at the general municipal election to be held on November 2, 1971.

**Ordered submitted by the following vote:**

Ayes: Supervisors Barbagelata, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, vonBeroldingen—10.

Absent: Supervisor Boas—1.

**Supervisor Driscoll excused from attendance.**

During discussion of the ensuing item, at the hour of 3:15 p.m. Supervisor Driscoll requested permission to be excused for about a half-hour because of personal business.

No objection; request granted.

**Taken Up Out of Order. Temporarily Postponed.**

There being no objection, on motion of Supervisor Mendelsohn, the following from the Emergency Calendar was taken up out of order:

**Appropriating ((\$215,750)) \$84,595, Police Department, for permanent salaries and equipment, and creating 75 positions, School Crossing Guard; an emergency measure.**

File No. 201-71-19, Ordinance No.

The Clerk presented a communication from his Honor, the Mayor, urging prompt action on subject measure.

Supervisor Mendelsohn, seconded by Supervisor Pelosi, moved "do pass."

Supervisor Barbagelata said he would like to know why the San Francisco Unified School District is not providing the funds for school crossing guards.

Supervisor Barbagelata, seconded by Supervisor von Beroldingen, moved referral to Finance Committee for a special hearing.

Supervisor von Beroldingen asked for a report from the School District, either in Committee or before the Board, giving an itemized and total account of the costs of the "horseshoe" school integration plan.

Supervisor Pelosi moved that the Board constitute itself into a Committee of the Whole and hear the matter today. On being advised that such a motion would require that twenty-four hours notice be given to the public of the hearing, Supervisor Pelosi withdrew his motion.

Supervisor Barbagelata withdrew his motion to refer to Committee and requested that a representative of the Board of Education be sent for to furnish the Board the desired information relative to cost and method of financing.

Police Inspector Hallet Meilicke of the Traffic Bureau explained that the required busing of elementary school children made it necessary to furnish guards at schools which no longer had school traffic patrol students and also made it necessary to have adult guards on duty for longer periods of time.

Sergeant Roche, Police Department legal officer, advised that it is quite clear that the School District is not responsible for children going to and from school. The only other agency working in this area would be the Police Department. The Federal Department of Health, Education and Welfare policy seems to be not to provide funds for transportation or related functions, but the Police Department has not yet explored all avenues in this regard.

Supervisor Barbagelata, seconded by Supervisor von Beroldingen, moved that consideration be temporarily postponed for information relative to Federal guidelines for reimbursement of expenses of transporting school children.

**No objection;** motion adopted.

The Board thereupon commenced consideration of Calendar items in the order set forth therein.

**SPECIAL ORDER—2:00 P.M.**

The following from the Emergency Calendar, heretofore considered and temporarily postponed, was taken up:

**Appropriating ((\$215,750)) \$84,595 Police Department, for permanent salaries and equipment, and creating 75 positions, School Crossing Guard; an emergency measure.**

File No. 201-71-19, Ordinance No. 247-71

Supervisor Barbagelata said he did not think the Board should act on subject matter until the Department of Health, Education and Welfare has been asked to provide funds for this purpose.

Supervisor von Beroldingen agreed and asked if it would be possible to amend the legislation so as to appropriate funds subject to the City and County's being reimbursed either by Federal or State funds.

Deputy City Attorney expressed some doubt as to the advisability of the Board of Supervisors' enacting legislation predicated upon an action of another body over which the Board of Supervisors has no control.

Supervisor von Beroldingen moved amendment so as to include language making the appropriation subject to reimbursement should the School District have a favorable ruling from the Commissioner of Education and subject to appropriate action by the Board of Education.

Supervisor Francois suggested that the Board enact the proposed ordinance as it appears on the calendar and pursue the matter of reimbursement separately.

In response to questions of Supervisor Francois, Mr. Donald Johnson, Intergration Officer for the Board of Education, stated that enactment of subject legislation would not be an impediment to the Board of Education's attempting to secure reimbursement from the Federal or State Governments, and that he would personally urge the Superintendent of Schools and the Board of Education to seek reimbursement of these funds. Mr. Johnson added that there is an advisory group provided for in the Federal guidelines which also must be involved in applications for funds.

In response to a question by Supervisor Francois, Controller Nathan Cooper stated that, if a condition were attached to the subject appropriation of funds, it might cast some doubt as to the Controller's ability to expend funds under the appropriation. Mr. Cooper suggested that a separate resolution be adopted by the Board, expressing the desire that all action possible be taken to secure reimbursement of these funds.

Supervisor von Beroldingen thereupon withdrew her motion to amend, and stated her intention to prepare legislation urging the Board of Education immediately to pursue investigations with the Commissioner of Education for reimbursement to the City and County.

### **Adopted.**

### **Motion to Amend.**

Supervisor Mailliard, seconded by Supervisor von Beroldingen moved amendment by appropriating sufficient funds for sixty days only, in order to permit the City and County to seek funds from some other sources.

In response to a suggestion of Supervisor Francois, Supervisor Mailliard, seconded by Supervisor von Beroldingen, amended his pending motion to appropriate sufficient funds for ninety days.

The Chair stated that she wished to make it clear that it is the concern of the Board that the children be protected by crossing guards; the only question is the source of funds for the payment of salaries therefor. Supervisor Mailliard agreed.

Motion to amend adopted by the following vote:

Ayes: Supervisors Barbagelata, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

In response to a question to him as to whether he would proceed regardless of the Board's expression of opinion, John M. Woods, General Manager, Municipal Railway, stated that he would have to abide by the decision of the Public Utilities Commission. He added that considerable study has gone into the proposed streetcar line connection between Judah and Taraval Streets. Meetings were held with the City Planning Commission, representatives of the Sunset District, and the Department of Public Works and the conclusion was reached that this was the best location for a very necessary rail connection. Mr. Wood said that it was never the intention of any City department to ruin a fine boulevard, despite the concerns expressed by some residents of the district.

## **ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

**Requesting advice relative to procedure to be followed in light of determination that the San Francisco sewer service charge is in violation of the President's order freezing wages and prices.**

Supervisor Barbagelata presented a copy of a telegram from the Director, Office of Emergency Preparedness, Washington, D.C., to the City Attorney, dated September 25, 1971, advising that San Francisco's sewer service charge is a violation of Executive Order 11615 and O.E.P. Economic Stabilization Regulation Number 1.

In response to a question by Supervisor Barbagelata, Controller Nathan Cooper advised that the City Attorney, the Mayor, and Controller will confer and decide what the City's response should be; possibly a lawsuit might be filed in order

to sustain the City's position.

Mr. Cooper added that if the decision should be made not to bill water users for the sewer service charge, it will be incumbent upon the Controller to reserve expenditures to the extent of the estimated revenue loss. He said that if the price freeze is lifted at the end of the present ninety day period, the amount of revenue loss would be between \$2 million and \$3 million; if it is necessary to finance the operation of the City without the benefit of revenues from the sewer service charge, expenditures will be curtailed first for capital improvements, then equipment, contractual services and materials and supplies, and finally from salaries.

Supervisor Barbagelata called attention to the fact that he has consistently opposed enactment of the sewer service charge in, what he termed, such a hasty, poorly researched manner, when it was known at the time of enactment that there was grave doubt as to its legality under the Presidential wage-price freeze.

Supervisor Driscoll read to the Board a Communication from Charles Jackson, 930 Pierce Street, dated September 21, thanking members of the Board of Supervisors, representatives of the Department of Public Works and City Engineer, the Street Inspection Bureau, and especially Inspector Tommy Thompson for the privilege of participating, earning, and learning in the Summer Youth Program.

Noted and ordered filed.

**Request Granted.**

**Requesting verification of interpretation of Federal guidelines relative to funding of sewerage and sewer improvements in San Francisco.**

Supervisor Feinstein, joined by Supervisor von Beroldingen, Francois, and Mendelsohn, members of Finance Committee, requested that the Clerk be directed to write Mr. Jerome Gilbert, Executive Officer, State Water Resources Control Board, requesting that he verify her recollection and that of the members of the Finance Committee that he had told them that ad valorem taxes would not be acceptable as a method of funding sewerage and sewer improvements in San Francisco.

Supervisor Feinstein requested that copies of the communication to Mr. Gilbert also be sent to the Mayor, City Attorney, and Controller.

Supervisor Feinstein expressed her concern as to how San Francisco's eligibility to receive grants from sewerage and sewer improvements will be affected by the decision of the Office of Emergency preparedness that San Francisco's sewer service charge is in violation of the Presidential wage-price freeze and asked that an immediate response be requested in order that the Board might have as much time as possible to consider how to proceed with the City's water pollution control program.

### **Adopted as Amended.**

The following from Finance Committee without recommendation was taken up:

**Accepting gift of \$3,250 from the San Francisco Foundation for use by the Art Commission for the Black Writers' Workshop.**

File No. 38-71-43, Resolution No. 583-71.

Supervisor von Beroldingen, seconded by Supervisor Francois, moved adoption.

### **Privilege of the Floor.**

Supervisor von Beroldingen stated that since there was no representation of the Art Commission at the Committee meeting, they had requested someone to be present today. Supervisor von Beroldingen, seconded by Supervisor Driscoll, moved privilege of the floor to be granted to Mr. Charles Clay, representing Mr. Martin Snipper, Executive Director of the Art Commission, and a spokesman for the Black Writers' Workshop.

No objection and motion carried.

In response to questioning by Supervisor von Beroldingen, Mr. Clay explained that it was the decision of the San Francisco Foundation to forward this gift of funds to the Art Commission for distribution by them to the Black Writers' Workshop.

### **Motion to Amend.**

Supervisor von Beroldingen, seconded by Supervisor Francois, moved amendment as follows: At the end of the proposed resolution, add "; provided however, that acceptance of such funds shall obligate the City and County of San Francisco to proceed with the conduct of said program only to the extent that the funds herein accepted will permit."

***Motion to amend adopted*** by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

***Adopted as Amended*** by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

### **Consideration Continued.**

The following recommendation of Streets and Transportation Committee was taken up:

**Granting revocable permit to Pacific Gas and Electric Company to occupy a portion of the air space over Grote Place by projection from the Embarcadero Substation for air shafts and fire escape.**

File No. 386-71-2, Resolution No.

### **Privilege of the Floor.**

There being no objection, Supervisor Mailliard, seconded by Supervisor Driscoll, moved that the privilege of the floor be granted to Mr. Joseph Kelly, representing Pacific Gas and Electric Co., and to C. Dan Lange, Esq., representing the Marine Engineers' Beneficial Assn., adjoining property owners.

No objection; motion carried.

Mr. Lange testified that his clients felt the proposed substation was a detriment to the entire surroundings, with construction up to the lot line, requiring an encroachment of 4 feet of air space on a street 12½ feet wide, and with no provision for off-street parking. For these reasons he requested that the matter be referred back to Committee for a review of the plans with Pacific Gas and Electric Co., coming up with alternatives which would not delay the project but would improve the entire area.

Mr. Kelly responded that the Company's plans had been reviewed and approved by all pertinent City departments and were a matter of public record for some time. No off-street parking was provided since only two men would be employed and parking would be provided inside of the facility. They have fulfilled the requirements to provide ingress and egress for their neighbors and had considered the purchase of 91 feet along Grote Place, using 4 feet and dedicating the remainder to the City. The matter had already been continued in Committee for one week while they discussed a satisfactory resolution of this matter but could not justify compliance with their neighbor's requirements. Because of their tight construction schedule they would prefer no further continuances unless it would be to the

Board's benefit.

**Request Granted.**

Supervisor Francois stated that in view of the fact that the Board has insufficient information to make a determination on what a delay in starting construction would mean to the City's power needs, he was requesting that the Chief Administrative Officer have his appropriate departments or bureaus review the entire matter, preferably in advance of next Tuesday's Board meeting, reporting concerning the possible effect an additional delay in construction would have on the company's plans and, more importantly, on the interests of the City and particularly the South of Market area.

No objection; request granted.

**Adopted.**

**Motion to Continue Consideration.**

Supervisor Francois, seconded by Supervisor Driscoll, moved that consideration be continued one week.

Supervisor Mailliard opposed the motion since the matter had been continued in Committee one week in an attempt to resolve these same questions, without success. These were problems existing between the land owners and should not be the concern of the Board.

***Motion to continue consideration adopted*** by the following vote:

Ayes: Supervisors Boas, Driscoll, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras—8.

Noes: Supervisors Barbagelata, Mailliard.—2

Absent. Supervisor von Beroldingen.—1

**Request Granted.**

Supervisor Feinstein requested that a letter over her signature be sent to the Planning Department asking whether or not the building proposed today does conform to Planning Department criteria, with their answer to be in the hands of the Board before next Tuesday.

No objection; request granted.

File No. 249-71, Ordinance No. 261-71.

Supervisor Tamaras explained that both the Department of Public Works and the Police Department had recommended this measure because of the serious problem of proper truck deliveries in the downtown area.

***Finally passed*** by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras—10.

Absent: Supervisor von Beroldingen—1.

Supervisor Feinstein requested that a letter over her signature be directed to the City Attorney asking exactly what authorization the Board of Permit Appeals has to directly negotiate with the developer of the Russian Hill apartment building and whether there is a statute of limitations applicable to their jurisdiction over this matter.

### **Procedure for run-off elections.**

Supervisor Feinstein requested that a letter be sent to the City Attorney asking exactly what legal alternatives could be provided for run-off elections in the instance where one might have a number of candidates for a given office which would yield a plurality rather than a majority vote. Further, that the City Attorney be requested to spell out what legal alternatives the City could be faced with so that the Board could choose from among them should Charter amendments be proposed to change election requirements.

No objection; *Clerk directed to comply.*

### **Statement.**

### **Possibility of clerical error in Charter amendment as proposed.**

In regard to File No. 354-71, a proposed Charter amendment

pertaining to reorganization of the Police Department, designated Proposition "E" on the November 2, 1971, ballot, Supervisor Francois brought to the attention of the Board the possibility of a clerical error existing in the proposed Charter amendment consisting of a questionable use of the words "assigned" and "detailed" with respect to deployment of inspectors. Deputy City Attorney James Stark suggested that there is considerable doubt about the power of the Board to correct a clerical error in a Charter amendment at this late date, should a clerical error actually exist, due to the fact that the necessary publications required by law have been made, the printing for the Registrar may have reached a point after which correction cannot be made, and beginning today absentee ballots have been cast on the strength of the printing and advertising of the Charter amendment as it currently exists.

No action was proposed to further consider the possibility of correcting any clerical error.

**Referred to Committee.**

Supervisor Feinstein requested that a communication over her signature be directed to the Chief Administrative Officer, asking if San Francisco codes do, in fact, not meet the standards of the National Model Code and, if not, in which area they vary, and asking if San Francisco is in danger of losing HUD funds because of our building codes. **Request Granted.**

**Requesting information relative to City Planning Commission action on proposed Twin Towers Hotel on Nob Hill.**

Supervisor Tamaras called attention to a report in the San Francisco Chronicle of October 8, 1971, to the effect that the City Planning Commission had denied a permit for construction of the proposed Twin Towers Hotel on Nob Hill.

Supervisor Tamaras stated that he understood that the City Planning Commission had not voted on the matter, but that the President of the Commission had asked for and received a report from the Director of Planning to the effect that there is presently an over-supply of hotel rooms in San Francisco. He said that, in view of such a report, there might be a possibility that some may get the impression that a conspiracy had been entered into between the operators of existing hotels and the City Planning Commission to eliminate new competitors.

Supervisor Tamaras said that zoning was not involved in this case, that it is purely an economic matter of a private nature, and that the intervention of the City Planning Commission may have repercussions in similar cases in the future. He pointed out that large sums of money are being spent to expand convention facilities in the Yerba Buena Center, which will increase the demand for hotel rooms, and that it would appear logical for anyone contemplating a large investment of this kind to approach the Chamber of Commerce or some similar organization for an opinion as to economic feasibility, rather than the City Planning Commission.

At the suggestion of Supervisor Barbagelata, Supervisor Tamaras, joined by Supervisor Barbagelata and Supervisor Driscoll, requested that communication be directed to the City Planning Commission, be asked to comment on the recent report of the San Francisco Convention and Visitors Bureau which indicated that by 1975 San Francisco would need many

more thousands of hotel rooms and that, under the present building program, construction will not meet the City's needs.

Supervisor Tamaras, joined by Supervisor Barbagelata and Supervisor Driscoll, also requested that a communication be directed to the Chamber of Commerce, asking their view of the action of the City Planning Commission.

No objection; *Clerk directed to comply.*

**Requesting investigation of traffic conditions.**

Supervisor Pelosi requested that a communication be directed to the Department of Public Works, asking that the Department investigate traffic conditions at the intersection of Jackson and Laurel Streets.

**Urging every member of the San Francisco community to join in observing Veterans' Day and give all support and assistance possible, particularly in providing jobs, to the veterans of Vietnam.**

Supervisors Mendelsohn and Tamaras jointly presented;

File No. 7-71-4, Resolution No. 596-71.

Supervisor Mendelsohn, seconded by Supervisor Tamaras, moved adoption.

***Adopted*** by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

**Referred to Committee.**

**Amending the Electrical Code by adding Article 3, Division J.1 thereto, regulating the use of nonmetallic sheathed cable.**

Supervisor Barbagelata presented:

File No. 444-71, Ordinance No.

***Referred to Governmental Services Committee.***

**Request Granted.**

**Requesting clarification of Proposition "M," relating to zoning reclassifications.**

President Feinstein requested that a communication be directed to the City Attorney, asking whether Proposition "M," relating to zoning reclassifications gives the Board of Supervisors any zoning power it does not now have and to make clear why it was necessary to repeat the statement contained therein relative to powers of the Board of Supervisors.

Supervisor Francois observed that the Clerk had advised that the proposition does not expand the powers of the Board of Supervisors and that he anticipates this will be confirmed by the City Attorney.

No objection; ***Clerk directed to comply.***

**Requesting clarification of provisions of Proposition "K," relative to elections and sample ballots.**

Supervisor Pelosi requested that the following be included in the record of today's meeting.

Supervisor Pelosi stated that, as he recalled, the Legislative and Personnel Committee had been informed that the requirement that an initiative petition proposing an amendment to the Charter be signed by registered voters equal in number to fifteen per cent of the entire vote cast for Mayor at the last general municipal election would bring the Charter into conformity with state law.

Deputy City Attorney Stark stated that Supervisor Pelosi's recollection was correct, that initiative petitions proposing amendment of the Charter have always required the fifteen per cent under state law.

In response to a question by Supervisor Pelosi, Deputy City Attorney Stark stated that under present law, initiative petitions having to do with purely local matters must be signed by registered voters equal in number to ten per cent of the entire vote cast for Mayor at the last general municipal election.

Supervisor Pelosi asked if it is true that any six Supervisors can call a special election at any time. Deputy City Attorney Stark stated that it is his understanding that registered voters equal to fifteen per cent of the entire vote cast for Mayor at the last general municipal election could call for a mandatory special election. If the petition were signed by less than fifteen

per cent, the Board of Supervisors could order a special election.

In response to a question by President Feinstein, Deputy City Attorney Stark verified that Proposition "K" does make the initiative procedure more difficult in that, presently, if an initiative petition is signed by five per cent but less than ten per cent of the vote cast for Mayor, the proposition must be submitted at the next general, state, or municipal election at any time after thirty days from the date of the certificate of sufficiency. Proposition "K" would require that the five per cent be changed to ten per cent and that the ten per cent be changed to fifteen per cent.

**Adopted.**

**Motion that the Board award certificates of honor to the following:**

Bishop James E. Walsh, M.M. (Supervisor Driscoll)  
Father James P. Keane, M.A. (Supervisor Driscoll)

The following recommendation of Planning and Development Committee, heretofore considered, was taken up:

**Memorializing Department of Housing and Urban Development to grant funds to the San Francisco Planning and Urban Renewal Association for a study to evaluate the implications of projected economic growth in San Francisco and calling upon the Department of City Planning and other appropriate City agencies to cooperate in such a study.**

File No. 380-71, Resolution No.

(October 18, 1971—Consideration continued to October 26, 1971.)

Director of Planning Allan B. Jacobs read to the Board from his communication dated September 1, 1971, to the Area Director of the Department of Housing and Urban Development (a copy of which is in File No. 380-71) in which he stated that his department cannot give specific endorsement to a planning project of this nature and in which he outlined objections to subject proposal. Mr. Jacobs concluded by saying that he seriously questions the wisdom, as a matter of policy, of the Board's either supporting or opposing an application of a private organization for Federal funding.

Supervisor Mailliard stated that while he had joined in the Committee recommendation, he now had some second thoughts on the matter.

### **Refused Adoption.**

#### **Motion to Refer to Committee.**

Supervisor Mailliard, seconded by Supervisor Pelosi, moved rereferral to Planning and Development Committee.

Director of Planning Jacobs advised that within three to six months his department expects to apply for Federal funding for a study to evaluate and recommend directions and limitations for growth consistent with preservation of the City's environment.

There being no objection, on suggestion of the Chair, the privilege of the floor was granted Mr. John Jacobs of the San Francisco Planning and Urban Renewal Association. Mr. Jacobs urged approval. He said the Association has \$75,000 in private funds to be used for this purpose. If the study does not go forward, those funds must be returned to the donors. Mr. Jacobs suggested that the proposed legislation not be referred to Committee. He said that the application will be presented to the Federal Government with or without the endorse-

ment of the City and County.

Motion to refer to Committee refused adoption by the following vote:

Ayes: Supervisors Francois, Mailliard, Mendelsohn, Pelosi—4.

Noes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Gonzales, Tamaras, von Beroldingen—7.

**Refused adoption** by the following vote:

**Request Granted.****Referred to Committee.**

**Requesting preparation of legislation implementing interim height and bulk controls for buildings and placing permanent limits on the size of buildings on all parcels in the City and County.**

Supervisor Feinstein requested that the Clerk direct a communication to the City Attorney requesting that he draft two proposed ordinances which will enunciate legislative implementation of City Planning Commission Resolution No. 6746, declaring intention of the Commission to reclassify property throughout the City for the control of height and bulk of buildings, and adopting the "Outline of Interim Height and Bulk Controls" dated August 26, 1971, describing how height and bulk controls are to be applied on an interim basis pending the refinement of more specific standards, the conduct of public hearings, and the enactment of permanent controls by the Board of Supervisors.

Supervisor Feinstein explained that it would be her intention that the first of the proposed ordinances would enact the interim controls imposed by the City Planning Commission and that the second would, in addition to enacting permanently the interim controls as they now exist or may subsequently be modified or refined, preclude highrise construction in residential areas of the city and place limits on all parcels in the city so that floor area ratio bonuses will not allow the continued construction of buildings which are out of scale with their surroundings.

Supervisor Feinstein requested that the general subject matter of her requests be referred to committee, subject to supplementation by proposed legislation when received from the City Attorney and referred to committee.

No objection; *request granted.*

***Referred to Planning and Development Committee.***

**Requesting temporary closing of Twentieth Street between South Van Ness Avenue and Folsom Street on October 30, 1971.**

Supervisor Francois stated that he had a request from the Centro Latino for the temporary closing of Twentieth Street between South Van Ness Avenue and Folsom Street on October 30, 1971. He said that he has been advised that the Interdepartmental Staff Committee on Traffic and Transportation objects to the street closing because it is for the purpose of holding a political rally.

There being no objection, on motion of Supervisor Francois, consideration was temporarily postponed for the presence of a representative of the Department of Public Works.

**Referred to Committee.**

**Amending Section 16.99-6 of the Administrative Code to exempt from the provisions of Section 16.99, residence requirements for employees of the City and County, persons residing within the city and county on August 6, 1971, and occupying a position in city and county service on said date who had entered a contract for the construction or purchase of a home outside the city and county prior to said date.**

Supervisor Gonzales presented:

File No. 19-71-5, Ordinance No.

Supervisor Gonzales requested early committee hearing.

***Referred to Legislative and Personal Committee.***

**Request Granted.**

**Requesting that Veterans Administration be advised of the introduction of proposed amendment of legislation requiring city and county employees to reside in San Francisco.**

Supervisor Gonzales advised that a Mr. Brown, an employee

of the Municipal Railway for the past seven years, and a resident of the City and County, on April 4, 1971, contracted for construction of a home in Pacifica, and through the building contractor, Mason McDuffie, has applied for a loan from the Veterans Administration. Since the Brown family entered into the above-mentioned contract, the law has been changed to require city and county employees to reside in San Francisco. This is the reason for submission of the immediately foregoing legislation, File No. 19-71-5, which would exempt from required residence in San Francisco, any employee who had entered a contract for construction or purchase of a home outside San Francisco prior to August 6, 1971.

Supervisor Gonzales requested that a communication be directed to the Veterans Administration Regional Office, 49 Fourth Street and to Mason McDuffie Investment Company, 362 West Portal Avenue, with a copy to Mr. and Mrs. Brown, advising of the introduction today of proposed ordinance, File No. 19-71-5.

No objection; *Clerk directed to comply.*

**Adopted.**

***Referred to Streets and Transportation Committee.***

Amending Section 3.1 of the Administrative Code to require that copies of the annual appropriation ordinance as proposed by the Mayor shall be made available for official use and shall be placed and maintained for public inspection as is required for the proposed annual budget.

Supervisor von Beroldingen presented:

File No. 453-71, Ordinance No.

***Referred to Finance Committee.***

**Statement.**

**Opposing moratorium on construction of highrise buildings in San Francisco.**

Supervisor Driscoll stated that he finds consideration of imposition of a moratorium on construction of highrise buildings in San Francisco a very unfortunate thing at this time. He said he would not vote for any proposal for interim controls on height and bulk of buildings because such an act would put construction workers out of work. It would be a cruel trick on the minority members of the community, home-owners and renters, and those on fixed incomes.

**Referred to Committee**

**Motion that appropriate committee study the feasibility and practicality of enactment of one of the three alternative methods presented by the City Attorney which would assure election of a majority candidate for Mayor and other offices.**

Supervisor Feinstein presented:

File No. 454-71

***Referred to Legislative and Personnel Committee.***

**Withdrawn.**

The following, previously presented by Supervisor Francois on roll call and temporarily postponed, was taken up:

**Requesting temporary closing of Twentieth Street between South Van Ness Avenue and Folsom Street on October 30, 1971.**

Mr. Richard Evans representing the Traffic Engineering Bur-

eau of the Department of Public Works, advised that the department and ISCOTT recommend denial because of the belief that in future years such requests might become widespread. He said that two years ago the same kind of request had been received and, on the recommendation of ISCOTT, the Fire, Safety and Police Committee had tabled the matter. He suggested that Dolores Park might be a more appropriate site for such a rally.

Supervisor Francois stated his disagreement with Mr. Evans and moved for immediate adoption of a proposed resolution granting the requested street closing.

Upon Supervisor Barbagelata's objection to immediate adoption, Supervisor Francois requested permission to withdraw his motion.

No objection; *request withdrawn.*

**Referred to Committee.**

**Requesting consideration of establishment of policy with respect to the closing of public streets for political rallies or events.**

Supervisor Francois requested that the appropriate committee of the Board consider the advisability of the Board's establishing policy with respect to the closing of streets temporarily for the holding of political rallies or events.

***Referred to Fire, Safety and Police Committee.***

**Adopted.**

**Motion that the Board award certificates of honor to the following:**

**Request Granted.**

**Requesting report on feasibility of transferring the program at the Recreation Center for the Handicapped from Recreation and Park Department to the Department of Social Services.**

Supervisor Tamaras stated that he has received some inquiries relative to the future funding of the program operated by the Recreation Center for the Handicapped at Fleishhacker Pool.

He said that since 1965 the Recreation and Park Department has included an item in its budget earmarked for this program, which has received national recognition for the services being made available to the handicapped. Some months ago a suggestion was made that the program might qualify for seventy-five per cent federal funding if it were included in the budget for the Department of Social Services rather than Recreation and Park.

Supervisor Tamaras requested—since departmental budgets are now being or will soon be prepared for fiscal year 1972-1973—that a communication be directed to both the Recreation and Park Commission and the Social Services Commission over his signature, asking for a status report on this matter.

No objection; ***Clerk directed to comply.***

**Comments on report of Budget Analyst relative to operation of the Office of Treasurer.**

Supervisor Feinstein stated that the report of Mr. Harvey Rose, Budget Analyst for the Board of Supervisors, on the operation of the Office of Treasurer was excellent and that she was

pleased to note recommendations which, when implemented, would save money for the City and County.

When his name was reached on roll call, Supervisor Tamaras requested prompt enactment of legislation to implement Mr. Rose' recommendation that the Board of Supervisors grant authority to the Treasurer to make short-term, safe investments of monies not needed on a current basis so as to earn interest thereon.

Supervisor von Beroldingen advised that the Finance Committee has had two extensive public hearings on this matter and that the subject had been continued until Mr. Rose completed his study of the Office of the Treasurer. She said that many members of the community have been vitally interested in this subject and she believed that the Board should have the benefit of the thinking of the public on Mr. Rose' report before any action is taken thereon. Supervisor von Beroldingen stated that the Finance Committee will hold early hearings on this subject and will report thereon to the Board; any legislative action prior to such hearing and report would be premature.

The Chair asked if Supervisor Tamaras would be willing to wait until Finance Committee holds public hearings.

Supervisor Tamaras stated that he did not care how the matter was handled, but he felt time is of the essence and that power to make such investments should be delegated to the Treasurer promptly in order that the taxpayers might have the benefit of the additional revenues which would accrue from such procedures.

The Board of Supervisors met in regular session.

## CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

The following recommendation of Finance Committee, heretofore considered, was taken up:

### Adopted

**Authorizing Civil Service Commission to apply for and accept Federal grants to continue the Youth Training Program.**

File No. 401-71-2, Resolution No. 653-71

(November 8, 1971—Consideration continued to November 15, 1971.)

Supervisor Gonzales stated that he found that there have been some problems in communication between the Civil Serv-

ice Commission and the community as a result of which there was a misunderstanding of the qualifications required of applicants, He said he was prepared to vote for the proposal today.

**Adopted** by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

## TAKEN UP OUT OF ORDER

(Supervisor Tamaras dissenting in Committee.)

**Authorizing temporary closing of Polk Street between McAlister and Grove Streets, on November 20, 1971, for a demonstration and rally by the Women's National Abortion Action Coalition.**

File No. 42-71-48, Resolution No.

### Refused Adoption

#### Motion to Grant Privilege of the Floor

Supervisor Francois, seconded by Supervisor Mendelsohn, moved that the rules be suspended and that the privilege of the floor be granted to one representative of proponents and one representative of opponents for a period of three minutes each.

On objection by Supervisor Barbagelata, who stated that he saw no reason for granting such a privilege since a public hearing had just been held, the Chair declared the motion refused adoption.

### Discussion

Captain Ernest J. Raabe of the Police Department stated that the Department opposes the proposal because they feel there will not be as large attendance as the proponents state and believes the Civic Center Plaza will be large enough to accommodate the group. He said that if the crowd overflows the plaza into Polk Street, the Police Department will use its emer-

gency power to order the street closed to vehicular traffic.

Supervisor Francois stated that there was no suggestion that the public safety would be endangered or that traffic problems would be caused by the requested street closing and that he did not see how the suggestion of the Police Department for the emergency closing of the street could be carried out, since prior preparation for erection of a speakers' platform would be necessary.

**Refused adoption** by the following vote:

Ayes: Supervisors Boas, Francois, Gonzales, Mendelsohn, Pelosi—5.

Noes: Supervisors Barbagelata, Driscoll, Feinstein, Mailliard, Tamaras, von Beroldingen—6.

### Discussion

Supervisor Gonzales pointed out that subject proposal was part of the original proposal to require City and County employees to reside in San Francisco and that the Legislative and Personnel Committee had not recommended it at that time.

John DeSoto, representing the Civil Service Commission, explained that the Government Code provides that a married woman's residence is legally the residence of her husband whether she lives with him or not; therefore, a married woman employed by the City and County and living in San Francisco could be in violation of the residence requirement if her husband lives elsewhere. He said the proposal is an attempt to aid in the recruitment of nurses, in particular.

### Motion to Refer to Committee

Supervisor Barbagelata, seconded by Supervisor Francois, moved rereferral to Legislative and Personnel Committee with the request that the Committee ask the Civil Service Commission to consider some other method of meeting the recruitment problem in certain classifications.

John H. Tolan, Jr., Deputy for Development, said that San Francisco's Workable Program for Community Improvement is due for recertification as of December 31, 1971. He added that the Mayor's Office has been informed that unless the use of non-metallic piping and non-metallic sheathed electrical cable are permitted by San Francisco's Plumbing and Electrical Codes, the Assistant Secretary for Metropolitan Planning and Development for the United States will recommend that San Francisco's Workable Program not be approved.

In response to Supervisor Barbagelata's question as to how he should proceed in order to assure that recipients of subject resolution also receive a copy of the resolution adopted by the Board last June on this same subject, the Clerk suggested that he might merely record his request that a copy of that resolution be transmitted to all interested parties along with this resolution in the event it is adopted today.

### Tabled

The following presented by the Clerk was taken up:

**Fixing date of Monday, November 29, 1971, 2:00 p.m., for hearing appeal from the decision of the City Planning Commission disapproving application for conditional use authorization to construct a hotel in an R-5 District, in the Nob Hill Special Use District, and in the East Slope of Nob Hill 160-foot Special Height District No. 1 on property known as 840-860 California Street.**

File No. 93-71-13, Resolution No.

(The City Engineer has reported to the Board under date of November 12, 1971, that the signatures on the appeal have been checked as to ownership of property within a radius of 300 feet of the property covered by this appeal, and it has been found that they represent less than the necessary twenty per cent of the area.

(The following are excerpts from City Attorney's Opinion No. 984, dated August 19, 1955: "The report of the City Engineer is to be considered along with any communication on this subject on the part of the protestants, and a determination made as to whether the required twenty per cent has been obtained. If the Board determines that the protest is subscribed by the owners of twenty per cent of the property affected . . . the Supervisors shall fix a time and place for hearing such objections . . . That determination is made affirmatively or negatively by affirmative or negative vote on the resolution fixing the time and place for hearing. If the Board finds the necessary twenty per cent has not been obtained . . . it cannot set a time and place for hearing.")

Lucille Athearne, Attorney-at-Law, representing appellant, stated that it is the appellant's position that the requirement for signatures of owners representing at least twenty per cent of the property within a radius of 300 feet of the property concerned is illegal. She asked, if it is within the statutory time limit, that the matter be continued in order that the City Planning Code section requiring signatures by the owners of twenty per cent of the property might be amended.

Deputy City Attorney Stark advised that this requirement is set forth in Section 117.1 of the Charter and amendment could only be done by a vote of the electorate.

### **Motion to Table**

Supervisor Francois, seconded by Supervisor Mailliard, moved that matter be tabled on the ground that there are insufficient signatures to comply with requirements of the Charter and City Planning Code.

***Motion to table adopted*** by the following vote:

Ayes: Supervisors Barbagelata, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras—8.

Absent: Supervisors Boas, Pelosi, von Beroldingen—3.

**Hearing Concluded**

**Hearing of all persons interested in or objecting to the proposed vacation of portions of Minna, Natoma, Tehama, and Clementina Streets between Third and Fourth Streets within the Yerba Buena Center Approved Redevelopment Project Area D-1.**

File No. 447-71-2

(Pursuant to notice of intention given in Resolution No. 630-71, adopted November 1, 1971.)

The privilege of the floor was granted to Peter Mendelsohn,

representing Tenants and Owners in Opposition to Redevelopment and the Tenant-Owner Development Corporation, who requested that consideration be continued to permit all interested persons to be present.

Arthur Evans, Acting Executive Director, Redevelopment Agency, stated that there is no time problem in terms of continuing consideration for a week or so; however, there is no question about these streets having to be vacated in accordance with the redevelopment plan for the area in order to put parcels together for construction of planned public facilities.

### **Motion to Continue**

Supervisor Boas, seconded by Supervisor Mendelsohn, moved that consideration be continued to December 13, 1971.

***Motion refused adoption*** by the following vote:

Ayes: Supervisors Boas, Feinstein, Mendelsohn—3.

Noes: Supervisors Mailliard, Tamaras, von Beroldingen—3.

Absent: Supervisors Barbagelata, Driscoll, Francois, Gonzales, Pelosi—5.

Peter Mendelsohn stated that there are people still doing business in some of the buildings in the area who need these streets for access. He said he recognized that some of the streets can be closed but felt that Minna Street between Third and Fourth Streets should not be vacated at this time.

Arthur Evans stated that the Agency would not request physical vacation of the streets until the buildings are removed. The enactment of subject legislation would permit the start of a very substantial amount of paper work and the Agency to enter into contracts.

Mr. Mendelsohn stated that the organization he represents will oppose the plan for this area unless something is done to house the people now living there.

There being no one else present desiring to speak, the Chair declared the hearing concluded.

There being no objection, on motion of Supervisor Barbagelata, the following from Governmental Services Committee with recommendation "do pass after amendment" was taken up, out of order:

**Enacting a new Plumbing Code for the City and County and repealing existing Plumbing Code.**

File No. 392-71, Ordinance No.

(Proposed amendment is as follows: Amend Sections D5 and D5.2 to increase membership of the Board of Examiners from six to seven members and to include a representative of the building trades on said Board. Supervisor Barbagelata abstained from voting in committee on proposed amendment.)

(In the event the amendments proposed by Supervisor Barbagelata are approved, the Committee recommends the following technical amendments to conform thereto: Section 201.1, first paragraph, delete second sentence; Section 201.7, add at end of table "Homogenous bituminized fiber drain and sewer pipe, ASTM D1861-69, FS SS-P356 (1955)"; Section 316A add "(6) Plastic pipe. Plastic pipe shall be maintained in straight alignment."; Section 316.B add "(7) Plastic pipe. Plastic pipe shall be supported at not to exceed 4 feet."; Sections 401(a), 401(b), 503.A, 503.B add "or other approved material"; add a new Section 802.M reading "Solvent weld-plastic pipe. A moderate even coating of solvent cement shall be applied to the pipe end and to the socket of the fitting. Joint shall be made quickly by inserting the pipe into the fitting socket to its full depth. All solvent weld materials shall be manufactured to approved recognized standards.").

The Clerk presented a communication from the Trustees of United Association Local 38 Trust Funds dated December 6, 1971, requesting permission to make a presentation to the Board on subject proposal.

Supervisor Tamaras, seconded by Supervisor von Beroldingen, moved that the privilege of the floor be granted to representatives of Local 38, the Department of Housing and Urban Development, and the plastics industry for a period of fifteen minutes each.

No objection; ***motion adopted.***

Mr. John P. Franks, Attorney at Law, spoke in opposition to proposed amendment providing for the use of nonmetallic piping. He recommended that the Board authorize the City Attorney to explore fully the possibility of a law suit against the Department of Housing and Urban Development to chal-

lence that Department's power to make demands on local authorities as a condition of approval of the federal programs authorized by Congress. A copy of his statement is contained in File 392-71.

Stuart Smith, President, Mechanical Contractors, protested inclusion of plastic pipe in the new plumbing code.

Richard Morris at the request of Joseph Mazzola gave a demonstration of failure of certain kinds of plastic pipe under pressure and when in contact with certain chemicals and fire.

Dennis Carey, Vice-President, Plumbing, Heating, Cooling Contractors of San Francisco, opposed amendment of the new code to provide for the use of nonmetallic piping.

Joseph P. Mazzola, Business Manager of Plumbers and Steamfitters Local Union 38, opposed the use of plastic pipe in San Francisco. A copy of his statement is contained in File No. 392-71.

Don Garrison, representing the plastic pipe industry, denied some of the statements made by those opposing use of plastic pipe. He stated that the two kinds of plastic pipe under consideration have been used in natural gas and water distribution systems throughout the United States. P.G. & E. Co. has used plastic pipe for gas distribution service in over one hundred services.

James Jaquet, Program Manager for the Department of Housing and Urban Development in San Francisco, advised that the policy of the Department is that no Workable Program is to be certified after December 31, 1971, unless the community has adopted nationally recognized model codes or revised its codes to incorporate nationally recognized standards governing materials and construction. The Department does not attempt to judge the merits of one material or method against another but relies upon published findings as being the best data upon which to base its determination as to acceptability.

Mr. Jaquet said that if San Francisco does not act to accept nationally recognized model codes, the Department cannot approve pending application for additional Federal funding of projects. In response to questions by the Chair, he said that he was not sure of the amount of all applications pending but they are approximately as follows: For Yerba Buena Development Project Area, \$15,000,000; for Western Addition Redevelopment Project Area A2, \$10,000,000; for Hunters Point Model Cities Program, possibly \$5,000,000; for the Federally Assisted Code Enforcement Program, \$1,900,000 plus \$6,000,000 for two new areas.

Thomas R. Simonson, representing the Chamber of Com-

merce and the Consulting Engineers Association of California stated that the Plumbing Code does not, of itself, permit the use of specific plastic materials. The code very closely parallels the Uniform Plumbing Code; the request of the two organizations which he represents is that the Board bring the San Francisco Code into complete conformity with the Uniform Plumbing Code.

Mr. Simonson pointed out that the Superintendent of Building Inspection has the power to permit the use of plastic pipe under the present Plumbing Code. Under the proposed new code there will be a technical body capable of evaluating technical evidence and maintaining standards of safety.

### Discussion

Superintendent of Building Inspection Goldberg stated that the issue is really that of satisfying the Department of Housing and Urban Development requirements, because failing to do that will terminate certain programs as of December 31, 1971. Provision for the use of plastic pipe was not included in the proposed code because the Department has not received the necessary technical data; therefore, the Department has not included in the code a material it cannot support in use.

Supervisor Barbagelata called attention to the statement that the Superintendent of Building Inspection has the right and power to reject any materials he does not think safe. He said that by including the provision for plastic pipe in the code, San Francisco would not be jeopardizing the safety of the people but would be satisfying the needs of the Department of Housing and Urban Development. He added that he felt the City cannot jeopardize the receipt of Federal funding.

Supervisor Tamaras called attention to Mr. Goldberg's statement that he has the right to use plastic pipe now if he had the technical data to support the use without the necessity for any action by the Board of Supervisors. In response to his question as to whether or not his understanding of the statement is correct, Deputy City Attorney Stark verified the statement and said that the authority of the Superintendent of Building Inspection to approve the use of materials which he believes to be equivalent or superior stems from Section 1112 of the present Plumbing and Gas Appliance Code.

Supervisor Francois requested that the record include the following questions by him and replies of Mr. Jaquet:

Supervisor Francois: Do you understand that this Board's acting in the manner being requested will not result automatically in plastic piping being authorized in San Francisco?

Mr. Jaquet: Yes.

Supervisor Francois: Do you understand the decision rests with the Superintendent?

Mr. Jaquet: Yes.

Supervisor Francois: That as a result of this action plastic piping will not be used in San Francisco at least until the Superintendent of Building Inspection is satisfied that the plastic pipe meets satisfactory standards?

Mr. Jaquet: Yes.

Supervisor Francois: You understand the cost of housing will not be affected at all by this action until the Superintendent takes further action?

Mr. Jaquet: Yes.

### **No Action Taken Motion to Amend**

Supervisor von Beroldingen, seconded by Supervisor Boas, moved amendment as follows:

(1) Amend Sections D5 and D5.2 to increase membership of the Board of Examiners from six to seven members and to include a representative of the building trades on said Board. Supervisor Barbagelata abstained from voting in committee on proposed amendment.)

(2) Amend Sections 201, 201.1, 316.A, and 316.B and add Sections 201.7 and 802.M to provide for the use of nonmetallic piping.

(3) Amend Section 201.1, first paragraph, to delete second sentence; Section 201.7, add at end of table "Homogenous bituminized fiber drain and sewer pipe, ASTM D1861-69, FS SS-P356 (1955)"; Section 316A add "(6) Plastic pipe. Plastic pipe shall be maintained in straight alignment."; Section 316.B add "(7) Plastic pipe. Plastic pipe shall be supported at not to exceed 4 feet."; Section 401(a), 401(b), 503.A, 503.B add "or other approved material"; add a new Section 802.M reading "Solvent weld-plastic pipe. Solvent weld-plastic pipe and fittings designed to be joined by solvent welding shall have a surface free of burrs, dust, dirt and moisture. A moderate even coating of solvent cement shall be applied to the pipe end and to the socket of the fitting. Joint shall be made quickly by inserting the pipe into the fitting socket to its full depth. All solvent weld materials shall be manufactured to approved recognized standards."

In response to a question by Supervisor Barbagelata, Deputy

City Attorney Kenealey read from United States Code Title 42, the Public Health and Welfare, of which Section 1441 reads, in part as follows: "The Department of Housing and Urban Development, and any other departments or agencies of the Federal Government having powers, functions, duties with respect to housing, shall exercise their powers, functions, and duties under this or any other law, consistently with the national housing policy declared by this Act and in such manner as will facilitate sustained progress in attaining the national housing objective hereby established, and in such manner as will encourage and support (1) the production of housing of sound standards of design, construction, livability, and size for adequate family life; (2) the reduction of the costs of housing without sacrifice of such sound standards; (3) the use of new designs, materials, techniques, and methods in residential construction . . ."

Deputy City Attorney Kenealey read also from Section 1451, which states, in part, "That commencing three years after September 2, 1964, . . . no workable program shall be certified or recertified unless (A) the locality has had in effect, for at least six months prior to such certification or recertification, a minimum standards housing code, related but not limited to health, sanitation, and occupancy requirements, which is deemed adequate by the Secretary, . . ."

### **Adopted**

#### **Amended Motion to Amend**

No action having been taken on the immediately preceding three amendments proposed, Supervisor Boas, seconded by Supervisor Francois, moved that subject legislation be amended as follows: Amend D5 and D5.2 to increase membership of the Board of Examiners from six to seven members and to include a representative of the bulding trades on said Board.

#### ***Motion adopted*** by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

### **Explanation of Vote**

Supervisor Gonzales stated that his vote will be strictly a legislative vote. It will not be based on blackjacking or threats of extortion, which is what the Department of Housing and Urban Development is doing. Supervisor Gonzales said he does not feel that the technical data shows that plastic is desirable or safe for San Francisco residents and on that sole ques-

tion he will vote "no" on that amendment.

### **Refused Adoption**

#### **Motion to Amend**

Supervisor Boas, seconded by Supervisor Francois moved amendment as follows:

Amend Sections 201, 201.1, 316.A, and 316.B and add Sections 201.7 and 802.M to provide for the use of nonmetallic piping.

Plastic pipe shall be maintained in straight alignment."; Section 316.B add "(7) Plastic pipe. Plastic pipe shall be supported at not to exceed 4 feet."; Sections 401(a), 401(b), 503.A, 503.B add "or other approved material"; add a new Section 802.M reading "Solvent weld-plastic pipe. Solvent weld-plastic pipe and fittings designed to be joined by solvent welding shall have a surface free of burrs, dust, dirt and moisture. A moderate even coating of solvent cement shall be applied to the pipe end and to the socket of the fitting. Joint shall be made quickly by inserting the pipe into the fitting socket to its full depth. All solvent weld materials shall be manufactured to approved recognized standards."

## CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

Quorum present.

President Dianne Feinstein presiding.

## APPROVAL OF JOURNAL

There being no errors, corrections, or omissions, the Journal of Proceedings for the meeting of Monday, November 15, 1971, was considered read and approved.

## Taken Up Out of Order

### Passed for Second Reading as Amended

There being no objection, on motion of Supervisor Barbagelata, the following from Governmental Services Committee without recommendation was taken up out of order:

Amending the Electrical Code by adding Article 3, Division J.1, regulating the installation of nonmetallic sheathed cable ((in Type 5 residentially occupied structures)).

File No. 444-71, Ordinance No. 321-71

(On Monday, December 13, 1971, the roll was called on the question of passage for second reading of the foregoing measure, and it was as follows:

Ayes: Supervisors Barbagelata, Feinstein, Mailliard, Tamaras

Noes: Supervisors Boas, Driscoll, Francois, Gonzales, Mendelsohn, Pelosi, von Beroldingen

Before the result of the foregoing roll call was announced by the Chair, President Feinstein changed her vote from "aye" to "no" for the purpose of moving reconsideration.

The Chair thereupon announced that the foregoing measure was refused passage for second reading by the following vote:

Ayes: Supervisors Barbagelata, Mailliard, Tamaras—3

Noes: Supervisors Boas, Driscoll, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, von Beroldingen—8

President Feinstein, seconded by Supervisor Barbagelata, moved to reconsider the vote whereby said measure was refused passage for second reading. Pursuant to the Board's Rules of Order, the vote on the motion to reconsider shall not be taken before the meeting of the Board next following that at which the motion is made.)

### Motion to Amend

President Feinstein explained that it has been determined that the United States Department of Housing and Urban Development requires that San Francisco adopt the national electrical code provisions, which means that nonmetallic sheathed cable shall be permitted in all construction with but eight exceptions.

President Feinstein, seconded by Supervisor Barbagelata, presented an amendment of the whole which will permit the use of nonmetallic sheathed cable in all construction with but eight exceptions.

President Feinstein explained that if the subject legislation is enacted, the Superintendent of Building Inspection will request from the Federal Government a waiver of use in Types 1, 2, and 4 construction.

Chief Administrative Officer Thomas Mellon, John H. Tolan, Jr., Mayor's Deputy for Development, and Alfred Goldberg, Superintendent of Building Inspection, spoke in favor of enact-

ment of proposed amendment of the whole. Mr. Goldberg assured the Board that his office will initiate requests for waivers of certain requirements for which it is believed non-metallic sheathed cable would not be a proper use.

James Jaquet, Program Manager for the Department of Housing and Urban Development in San Francisco, advised the Board that the proposed amendment of the whole meets his Department's criteria.

The Chair announced that she had asked that comments on the Plumbing and Electrical Codes be recorded and that such recording was, in fact, taking place.

There being no objection, on motion of Supervisor Feinstein, the privilege of the floor was granted the following:

Franz E. Glen, Business Manager-Financial Secretary, Local Union No. 6, International Brotherhood of Electrical Workers, who urged approval of amendment of the whole;

William McCormick, President-Elect, American Institute of Architects, Northern California Chapter, and former President of the Code Committee of the Chamber of Commerce, who said that both organizations recommend use of nonmetallic sheathed cable only in Type 5 occupancies.

Supervisor Feinstein thereupon, with the understanding, she said, that the Department of Public Works will seek waivers of use in Types 1, 2, and 4 construction, moved adoption of the amendment of the whole. Motion seconded by Supervisor Barbagelata.

At the suggestion of the Clerk, the roll was called on the pending motion to reconsider, which motion was **adopted** by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

The roll was then called on the motion to adopt the amendment of the whole, which motion was **adopted** by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

**Passed for second reading** as amended by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

**Adopted****Motion to Suspend Rules**

Supervisor Pelosi, seconded by Supervisor Mendelsohn, moved that the Rules of the Board be suspended to permit the following off-calendar matter to be taken up out of order:

**Taken Up Out of Order****Passed for Second Reading as Amended****Enacting a new Plumbing Code for the City and County and repealing existing Plumbing Code.**

File No. 392-71, Ordinance No.

(Discussion of subject matter continued to be recorded by a court reporter.)

Motion to suspend rules *adopted* by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

**Adopted****Motion to Rescind Previous Vote**

Supervisor Pelosi, seconded by Supervisor Mendelsohn, moved that the vote taken on December 13, 1971, whereby subject legislation was passed for second reading be rescinded.

*Motion adopted* by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

**Adopted****Motion to Amend**

Supervisor Pelosi, seconded by Supervisor Mendelsohn, moved amendment as follows:

Amend Sections 201, 201.1, 316A, and 316.B and add Sections 201.7 and 802.M to provide for the use of nonmetallic piping.

Section 201.1, first paragraph, delete second sentence; Sec-

tion 201.7, add at end of table "Homogenous bituminized fiber drain and sewer pipe, ASTM D1861-69, FS SS-P356 (1955)"; Section 316A add "(6) Plastic pipe. Plastic pipe shall be maintained in straight alignment."; Section 316.B add "(7) Plastic pipe. Plastic pipe shall be supported at not to exceed 4 feet."; Section 401(a), 401(b), 503.A, 503.B add "or other approved material"; add a new Section 802.M reading "Solvent weld-plastic pipe. Solvent weld-plastic pipe and fittings designed to be joined by solvent welding shall have a surface free of burrs, dust, dirt and moisture. A moderate even coating of solvent cement shall be applied to the pipe end and to the socket of the fitting. Joint shall be made quickly by inserting the pipe into the fitting socket to its full depth. All solvent weld materials shall be manufactured to approved recognized standards."

Supervisor Pelosi stated that he felt the Board has no choice but to approve subject amendments to the new Plumbing Code even though, in all likelihood, San Francisco will not get the entire thirty-eight million dollars needed for community improvement.

In response to questions by Supervisor von Beroldingen and Supervisor Francois, Superintendent of Building Inspection Goldberg stated that he would not authorize the use of plastic pipe in San Francisco until he has received data that satisfies him as to its safety and effectiveness. He assured Board members that upon receipt of data which convinces him that a change in his position is warranted, he will inform the Board of Supervisors in advance of his receipt of such data and his intention to change his position.

In response to a question by President Feinstein, James Jaquet stated that the pending proposed amendments to the new Plumbing Code will meet the criteria set forth by the Department of Housing and Urban Development.

***Motion to amend adopted*** by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

(December 13, 1971—Consideration continued to December 20, 1971.)

Supervisor Pelosi, seconded by Supervisor Mailliard, moved adoption.

### Discussion

In response to a question by President Feinstein as to whe-

ther or not the citizens participation section of the program, meets HUD criteria, James Jaquet, Program Manager for the Department of Housing and Urban Development in San Francisco, stated that he has not seen the specific proposal and so cannot answer but that it would appear that this is a good step.

In response to the observation by the President that the Board of Supervisors does not have an amended and corrected copy of the workable program, John H. Tolan, Jr., Mayor's Deputy for Development, stated that the errata sheet will be incorporated into the basic document along with the change required by the code amendments adopted by the Board today.

Supervisor Boas stated that the City Attorney had prepared a proposed resolution requesting the Mayor to appoint a citizens committee to participate in drafting of future workable programs. He added that the People's Action Coalition had objected to the legislation as suggested by the City Attorney and had presented him with an alternative suggestion that a community development policies committee be appointed for the purpose of reviewing City performance in housing and related matters involved in the Workable Program and developing policy recommendations, and that said committee should consist of representatives of the Mayor and other City departments, the San Francisco People's Action Coalition and other community groups, and members selected by the Planning and Development Committee of the Board of Supervisors.

### **Motion to Rescind Rules and Grant Privilege of the Floor.**

Supervisor Francois, seconded by Supervisor von Beroldingen, moved that the rules be suspended and that the privilege of the floor be granted to Emery Curtis, representing the San Francisco People's Action Coalition.

No objection; ***motion adopted.***

Mr. Curtis stated that the resolution proposed by the Coalition would provide for citizen participation in the drafting of future submissions. He said there will be a need for new policy directions, which should come from the Board of Supervisors. However, the Board cannot develop such policy unless it has the necessary information. This is what the Coalition proposes that the committee do. The Coalition would want the Board of Supervisors to adopt general policy resolutions, giving directions as to how the program is to develop.

Deputy City Attorney Stark explained that it is primarily the function of the executive officer to prepare and carry out a workable program. The Board of Supervisors approves it before submission to the Federal Government. That is where the

problem arises with respect to the proposal of the San Francisco People's Coalition. Mr. Stark said that in his mind it is not a function of the Board of Supervisors to participate in preparation of the workable program.

### **Motion Referred to Committee**

Supervisor Boas, seconded by Supervisor Barbagelata, moved referral to committee of the question of creation of a committee consisting of representatives of the Mayor, the Board of Supervisors, and citizens' groups, formed for the purpose of auditing and assisting in the evolvement of future workable programs for community developments, and that the City Attorney be asked for his comments in writing on the proposal of the People's Action Coalition.

### ***Motion referred to Planning and Development Committee.***

Deputy for Development Tolan stated that the Mayor is willing to appoint a representative group, and will confer with Housing and Urban Development representatives as to the constituency of such a group. This question and other related subjects can be brought before the Planning and Development Committee when the foregoing motion is calendared for hearing.

### ***Resolution Adopted*** by the following vote:

Ayes: Supervisors Barbagelata, Boas, Driscoll, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

File No. 68-71-1, Resolution No. 722-71.

### Appointment of President Pro Tempore

At the request of the President, Supervisor Tamaras assumed the Chair in order that the President might participate in the debate from the floor.

Supervisor von Beroldingen explained her position of voting "No" on this proposal in Committee, feeling that the demolition and land acquisition costs are highly excessive.

Supervisor Feinstein strongly urged a "No" vote on this proposal because of the high cost of acquiring the property and the demolition of the existing brewery building now on the site. This is over two million dollars which would make the cost per unit of around \$40,000. Because of this excessive cost factor, she strongly recommended a "No" vote.

Supervisor Barbagelata, seconded by Supervisor Tamaras, moved that the funds stated in the resolution be reduced from \$350,000 to \$144,000, the difference to be assumed by the Model City Agency. After some further discussion, Supervisor Barbagelata withdrew the motion but expressed his objections to the legislation.
